Doble titulación International MBA

Path of Development 2027

Barcelona, Spain

Join our dynamic **6-week programme** to develop your skills in a particular field.

Before April 2027, you will need to choose 1 of 2 offered Paths of Development (PoD).

Prior making your final decision, we will provide you with comprehensive details on the 6-week course and the client project associated with your chosen PoD. During your specialization, you will work in **teams** to tackle **real-life challenges** aligned with your area of expertise, **working directly with an external company**.

Meet the International MBA Program Director at EADA Business School:

Ella Boniuk

Info Session
1st October 2026 at 08:00 PET (UTC-5)

Offered Paths of Development:

AI-Driven Organizational Transformation

- Lead organisational transformation in the age of artificial intelligence
- Explore how AI is reshaping business strategy, operations and decision-making while developing the skills to drive innovation, manage change and create sustainable competitive advantage
- Learn to integrate AI into business processes responsibly and strategically across functions and industries

Structured Finance & Private Equity

- Gain a global perspective on finance and private equity
- Explore opportunities for entrepreneurs: leveraged and management buyouts
- Analyse investment and financing decisions
- Plan market entry strategies and perform risk management
- Compare international strategy and risk management
