We're getting Greener!

The **Purchasing Department** has teamed up with **Office Depot** to establish a county-wide program to **collect and recycle used inkjet and laser toner cartridges**. Together we can reduce the flow of these materials into landfills and through their reuse save energy.

There is no cost to Cobb County . Office Depot will furnish collection boxes which have pre-paid shipping labels. Each work location should place the box in convenient designated locations, encourage all staff to deposit empty cartridges, and then mail when full. New boxes can be requested by calling, toll free, Office Depot Customer Service (877-237-8858). Office Depot staff will be contacting department contacts in the next several days to get us started. **Read more...**

Public Safety Fundraiser

The **Friends of Tom O'Connor Organization** is hosting its **2nd annual Public Safety Softball Tournament on November 9, 10 and 11, 2007 at Lost Mountain Park**. This year's proceeds will benefit the **Leukemia Research Foundation**. Our website is
