The regular meeting of the Agricultural Water Advisory Committee is scheduled to be held on **Monday, October 5, 2020, at 1:30 p.m.**, Join Zoom Meeting [https://valleywater.zoom.us/j/97929260958](https://valleywater.zoom.us/j/97929260958).

Enclosed are the meeting agenda and corresponding materials. Please bring this packet with you to the meeting. Additional copies of this meeting packet are available on our new website at [https://www.valleywater.org/how-we-operate/committees/board-advisory-committees](https://www.valleywater.org/how-we-operate/committees/board-advisory-committees).

A majority of the appointed membership is required to constitute a quorum, which is fifty percent plus one. A quorum for this meeting must be confirmed at least **48 hours** prior to the scheduled meeting date or it will be canceled.

Further, a quorum must be present on the day of the scheduled meeting to call the meeting to order and take action on agenda items.

Members with two or more consecutive unexcused absences will be subject to rescinded membership.

Please confirm your attendance no later than **1:00 p.m., Thursday, October 1, 2020**, by contacting Ms. Glenna Brambill at 1-408-630-2408, or sbrambill@valleywater.org.

REGULAR MEETING
AGENDA

Monday, October 5, 2020
1:30 PM

Note: The finalized Board Agenda, exception items and supplemental items will be posted prior to the meeting in accordance with the Brown Act.
IMPORTANT NOTICES

This meeting is being held in accordance with the Brown Act as currently in effect under the State Emergency Services Act, the Governor’s Emergency Declaration related to COVID-19, and the Governor’s Executive Order N-29-20 issued on March 17, 2020 that allows attendance by members of the Committee, staff, and the public to participate and conduct the meeting by teleconference, videoconference, or both.

Members of the public wishing to address the Committee during a video conferenced meeting on an item not listed on the agenda, or any item listed on the agenda, should use the “Raise Hand” or “Chat” tools located in Zoom meeting link listed on the agenda. Speakers will be acknowledged by the Committee Chair in the order requests are received and granted speaking access to address the Committee.

Santa Clara Valley Water District (Valley Water) in complying with the Americans with Disabilities Act (ADA), requests individuals who require special accommodations to access and/or participate in Valley Water Committee meetings to please contact the Clerk of the Board’s office at (408) 630-2711, at least 3 business days before the scheduled meeting to ensure that Valley Water may assist you.

This agenda has been prepared as required by the applicable laws of the State of California, including but not limited to, Government Code Sections 54950 et. seq. and has not been prepared with a view to informing an investment decision in any of Valley Water’s bonds, notes or other obligations. Any projections, plans or other forward-looking statements included in the information in this agenda are subject to a variety of uncertainties that could cause any actual plans or results to differ materially from any such statement. The information herein is not intended to be used by investors or potential investors in considering the purchase or sale of Valley Water’s bonds, notes or other obligations and investors and potential investors should rely only on information filed by Valley Water on the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access System for municipal securities disclosures and Valley Water’s Investor Relations website, maintained on the World Wide Web at https://emma.msrb.org/ and https://www.valleywater.org/how-we-operate/financebudget/investor-relations, respectively.

1. Roll Call.
2. **TIME OPEN FOR PUBLIC COMMENT ON ANY ITEM NOT ON THE AGENDA.**

Notice to the Public: Members of the public who wish to address the Committee on any item not listed on the agenda should access the "Raise Hand" or "Chat" tools located in Zoom meeting link listed on the agenda. Speakers will be acknowledged by the Committee Chair in order requests are received and granted speaking access to address the Committee. Speakers comments should be limited to two minutes or as set by the Chair. The law does not permit Committee action on, or extended discussion of, any item not on the agenda except under special circumstances. If Committee action is requested, the matter may be placed on a future agenda. All comments that require a response will be referred to staff for a reply in writing. The Committee may take action on any item of business appearing on the posted agenda.

3. **APPROVAL OF MINUTES:**

3.1. Approval of Minutes.  

   **Recommendation:** Approve the January 6, 2020, Meeting Minutes and February 24, 2020, Special Meeting Minutes.  

   **Manager:** Michele King, 408-630-2711  

   **Attachments:**  
   - Attachment 1: 01062020 Ag Wtr DRAFT Mins  
   - Attachment 2: 02242020 Ag Wtr DRAFT Mins  

   **Est. Staff Time:** 5 Minutes

4. **ACTION ITEMS:**

4.1. **FY 2020-21 Groundwater Production Charges and Valley Water Budget Update.**  

   **Recommendation:** This is an information only item, no action is required.  

   **Manager:** Darin Taylor, 408-630-3068  

   **Attachments:**  
   - Attachment 1: Budget in Brief FY20-21  

   **Est. Staff Time:** 20 Minutes

4.2. **Review FY2020-21 Board Work Plan.**  

   **Recommendation:** Review the Board’s work plan to guide the committee’s discussions regarding policy alternatives and implications for Board deliberation.  

   **Manager:** Michele King, 408-630-2711  

   **Attachments:**  
   - Attachment 1: FY2020-21 Board Work Plan  

   **Est. Staff Time:** 10 Minutes
4.3. Review Agricultural Water Advisory Committee Work Plan, the Outcomes of Board Action of Committee Requests; and the Committee’s Next Meeting Agenda.

**Recommendation:** Review the Committee work plan to guide the committee’s discussions regarding policy alternatives and implications for Board deliberation.

**Manager:** Michele King, 408-630-2711

**Attachments:**
- Attachment 1: 2020 Ag Water Work Plan
- Attachment 2: 01042021 Ag Wtr Draft Agenda

**Est. Staff Time:** 5 Minutes

5. **CLERK REVIEW AND CLARIFICATION OF COMMITTEE REQUESTS.**

*This is an opportunity for the Clerk to review and obtain clarification on any formally moved, seconded, and approved requests and recommendations made by the Committee during the meeting.*

6. **REPORTS:**

6.1. Director's Report

6.2. Manager's Report

6.3. Committee Member Report

6.4. Links to Informational Reports

7. **ADJOURN:**

7.1. Adjourn to Regular Meeting at 1:30 p.m., on January 4, 2021.
COMMITTEE AGENDA MEMORANDUM

Agricultural Water Advisory Committee

SUBJECT:
Approval of Minutes.

RECOMMENDATION:
Approve the January 6, 2020, Meeting Minutes and February 24, 2020, Special Meeting Minutes.

SUMMARY:
A summary of Committee discussions, and details of all actions taken by the Committee, during all open and public Committee meetings, is transcribed and submitted for review and approval.

Upon Committee approval, minutes transcripts are finalized and entered into the District's historical records archives and serve as historical records of the Committee's meetings.

ATTACHMENTS:
Attachment 1: 01062020 Draft Meeting Minutes.
Attachment 2: 02242020 Draft Special Meeting Minutes.

UNCLASSIFIED MANAGER:
Michele King, 408-630-2711
AGRICULTURAL WATER ADVISORY COMMITTEE MEETING

DRAFT MINUTES

MONDAY, JANUARY 6, 2020
1:30 PM

A regularly scheduled meeting of the Agricultural Water Advisory Committee was held on January 6, 2020 in the Headquarters Building Boardroom at the Santa Clara Valley Water District, 5700 Almaden Expressway, San Jose, California.

1. CALL TO ORDER/ROLL CALL
Chair David Vanni called the meeting to order at 1:34 p.m.

Members in attendance were:

Board members in attendance were: Director Nai Hsueh, Board Alternate, Director Richard P. Santos, and Director John L. Varela, Board Representatives.

Staff members in attendance were: Aaron Baker, Lisa Bankosh, Glenna Brambill, Rick Callender, Jerry De La Piedra, Garth Hall, Marta Lugo and Brian Mendenhall.

Guests in attendance were: Hon. Mike Flaugher of the Open Space Authority and
Doug Muirhead (Morgan Hill Resident).

2. TIME OPEN FOR PUBLIC COMMENT ON ANY ITEM NOT ON AGENDA
There was no one present who wished to speak.

3. APPROVAL OF MINUTES
3.1 APPROVAL OF MINUTES
It was moved by Mr. James Provenzano, seconded by Mr. George Fohner and by unanimous vote, approved the July 1, 2019, Agricultural Water Advisory Committee meeting minutes, as presented.

3.2 APPROVAL OF MINUTES
It was moved by Ms. Sheryl Kennedy, seconded by Mr. James Provenzano, and by unanimous vote, approved the October 7, 2019, Agricultural Water Advisory Committee meeting minutes, as presented.

*Mr. Dhruv Khanna arrived at 1:37 p.m.

3.3 APPROVAL OF MINUTES
It was moved by Mr. James Provenzano, seconded by Mr. Dhruv Khanna and by unanimous vote, approved the December 16, 2019, Special Agricultural Water Advisory Committee meeting minutes, as presented.

ACTION ITEMS:
4.1 ELECTION OF 2020 CHAIR AND VICE CHAIR
It was moved by Mr. Mitchell Mariani, seconded by Mr. Dhruv Khanna and by unanimous vote, approved retaining Chair David Vanni and Vice Chair Jan Garrod for 2020.

5.1 REVIEW AND APPROVE 2019 ANNUAL ACCOMPLISHMENTS REPORT FOR PRESENTATION TO THE BOARD
Ms. Glenna Brambill gave an overview of the Committee’s Accomplishments for 2019.

The Agricultural Water Advisory Committee took the following action:
It was moved by Mr. George Fohner, seconded by Mr. James Provenzano, and by unanimous vote, approved the 2019 Annual Accomplishments Report for Presentation to the Board.

The Board should receive the Committee’s report at its March 24, 2020, meeting.

5.2 RETAIN OPEN SPACE CREDIT DISCUSSION UPDATE
Ms. Glenna Brambill gave updated information regarding the Committee’s action item from the December 16, 2019, special meeting.
The Board will receive information regarding the special meeting on January 14, 2020, however, the action item goes for Board consideration on January 28, 2020.

Mr. George Fohner, Mr. Dhruv Khanna, Director John L. Varela, Director Nai Hsueh, Director Richard P. Santos, Mr. Rick Callender, Mr. Mitchell Mariani, and Mr. Tim Chiala spoke on the following: funds/political concerns with open space, the collaborative effort, county agricultural plan, agricultural sustainability, ecosystems concerns, zoning, City of Santa Clara's water increase, county commercial water usage, water conservation, increase of ag water rates, residential water usage, commercial users not paying fair share (lack of taxation), municipal and industrial (M&I) and residential charges, City of Mountain View's Measure P, water delivery costs vs property taxes (ad valorem), Valley Water's service provision (groundwater recharge), developmental growth, ag water/surface/raw water costs. January 22\textsuperscript{nd} meeting with the County, preservation of agriculture and affordable water supply.

Mr. Garth Hall and Mr. Aaron Baker were available to answer questions.

The Agricultural Water Advisory Committee took the following actions:

It was moved by Mr. Dhruv Khanna, seconded by Ms. Sheryl Kennedy, and by unanimous vote, approved that the Board consider directing staff to provide financial data on the differences of commercial/industrial versus residential water usage within the county with the information supplied by the Water Retailers and Valley Water.

It was moved by Mr. Dhruv Khanna, seconded by Mr. Jan Garrod, and by unanimous vote, approved inviting County Board of Supervisor Hon. Mike Wasserman or his designee to the April 6, 2020, meeting

5.3. OPPORTUNITIES TO ENHANCE AND UPDATE THE SAFE, CLEAN WATER AND NATURAL FLOOD PROTECTION PROGRAM BY EVALUATING A FUTURE FUNDING MEASURE

Ms. Marta Lugo reviewed the materials as outlined in the agenda.

Mr. Dhruv Khanna, Mr. Tim Chiala, Ms. Sheryl Kennedy, Mr. Jan Garrod, Mr. James Provenzano and Director Nai Hsueh spoke on the following issues: open space credit, flood control/habitat, community input on survey, priorities BCDE/unhoused population and Board’s direction for any measures placed on ballot.

The Agricultural Water Advisory Committee took the following actions:

It was moved by Mr. Dhruv Khanna, seconded by Mr. Tim Chiala, and by majority vote, approved that Valley Water add the Open Space Credit/Agricultural component to the future funding measure in keeping the agricultural rates stable and at the current rate.

It was moved by Mr. Dhruv Khanna, seconded by Ms. Sheryl Kennedy, and by unanimous vote, approved that the Committee allow the SCC Farm Bureau to formulate the question to add to the Community Input Survey.
5.4 REVIEW AGRICULTURAL WATER ADVISORY COMMITTEE WORK PLAN, THE OUTCOMES OF BOARD ACTION OF COMMITTEE REQUESTS; AND THE COMMITTEE’S NEXT MEETING AGENDA
Ms. Glenna Brambill reviewed the materials as outlined in the agenda.

The Committee took no action.

6. STANDING ITEMS REPORT
Ms. Glenna Brambill reviewed the new format for the standing items report agenda item.

The Committee took no action.

7. CLERK REVIEW AND CLARIFICATION OF COMMITTEE REQUESTS TO THE BOARD
Ms. Glenna Brambill reported there were four action items for Board consideration.

**Agenda Item 5.2:**
The Committee by unanimous vote, approved that the Board direct staff to provide financial data on the differences of commercial/industrial versus residential water usage within the county with the information supplied by the Water Retailers and Valley Water.

The Committee by unanimous vote, approved inviting County Board of Supervisor Hon. Mike Wasserman or his designee to the April 6, 2020, meeting.

**Agenda Item 5.3:**
The Committee by majority vote, approved that Valley Water add the Open Space Credit/Agricultural component to the future funding measure in keeping the agricultural rates stable and at the current rate.

The Committee by unanimous vote, approved that the Committee allow the SCC Farm Bureau to formulate the question to add to the Community Input Survey.

8. REPORTS
8.1 Director’s Report
None.

8.2 Manager’s Report
Mr. Garth Hall reported on:
- Governor released Water Resilience Portfolio and will send url via email to the Committee

8.3 Committee Member Reports
Mr. Dhruv Khanna reported on:
- data on the differences of commercial/industrial versus residential water usage within Santa Clara County
8.4  Informational Link Reports
None.

9.  ADJOURNMENT
Chair David Vanni adjourned at 3:38 p.m. to the regular meeting on Monday, April 6, 2020, at 1:30 pm, in the Santa Clara Valley Water District Headquarters Building Boardroom.

Glenna Brambill
Board Committee Liaison
Office of the Clerk of the Board

Approved:
MONDAY, FEBRUARY 24, 2020
1:30 PM

A special meeting of the Agricultural Water Advisory Committee was held on February 24, 2020, in the Headquarters Building Conference Room A143 at the Santa Clara Valley Water District, 5700 Almaden Expressway, San Jose, California.

1. CALL TO ORDER/ROLL CALL
Chair David Vanni called the meeting to order at 1:37 p.m.

Members in attendance were:

Board members in attendance were: Director Richard P. Santos, and Director John L. Varela, Board Representatives.

Staff members in attendance were: Aaron Baker, Glenna Brambill, Jerry De La Piedra, Vanessa De La Piedra and Andrew Gschwind.
Guests in attendance was: Hon. Mike Flaugher of the Open Space Authority of Santa Clara Valley

2. **TIME OPEN FOR PUBLIC COMMENT ON ANY ITEM NOT ON AGENDA**
   There was no one present who wished to speak.

3. **ACTION ITEM:**
   3.1. **REVIEW AND COMMENT TO THE BOARD ON THE FISCAL YEAR 2020-21 PRELIMINARY GROUNDWATER PRODUCTION CHARGES**
   Mr. Darin Taylor reviewed the materials as outlined in the agenda.

   The Agricultural Water Advisory Committee (Mr. Mitchell Mariani, Mr. Brent Bonino, Mr. Dhruv Khanna, Director John L. Varela, Mr. James Provenzano, Director Richard P. Santos, Mr. Robert Long) discussed the following issues/concerns: Scenario 4, dry years, projections/assumptions, the Williamson Act-fallow ground, Valley Water considering those that are recharging their properties (water being returned to the ground), possible analysis/study of recharging, zones of benefit, Landscape Rebate Programs and land use issues,

   Mr. Jerry De La Piedra and Aaron Baker were available to answer questions.

   The Agricultural Water Advisory Committee took no action.

4. **CLERK REVIEW AND CLARIFICATION OF COMMITTEE REQUESTS TO THE BOARD**
   Ms. Glenna Brambill reported there were no action items for Board consideration.

5. **ADJOURNMENT**
   Chair David Vanni adjourned at 2:41 p.m. to the regular meeting on Monday, April 6, 2020, at 1:30 pm, in the Santa Clara Valley Water District Headquarters Building Boardroom.

Glenna Brambill  
Board Committee Liaison  
Office of the Clerk of the Board

Approved:
COMMITTEE AGENDA MEMORANDUM

Agricultural Water Advisory Committee

SUBJECT:
FY 2020-21 Groundwater Production Charges and Valley Water Budget Update.

RECOMMENDATION:
This is an information only item, no action is required.

SUMMARY:
On May 26, 2020 the Board adopted groundwater production and other water charges for Fiscal Year 2020-21. In response to the ongoing pandemic the Board adopted no increase in the groundwater production charge for Groundwater Benefit Zones W-2 (encompassing the area north of Metcalf Road often referred to as North County), and W-7 (overlaying the Coyote Valley south of Metcalf Road). The Board adopted decreases in the groundwater production charge for Groundwater Benefit Zones W-5 (overlaying Gilroy, San Martin and most of Morgan Hill) and W-8 (includes areas below Uvas and Chesbro Reservoirs). Note that the Board approved a staff proposal to parse the original Zone W-5 in the South County into the three zones mentioned above to ensure that ratepayers are grouped in a way that reflects the most recent and relevant data regarding the services and benefits received by well users. The Board adopted no increase to the agricultural groundwater production charge, maintaining it at $28.86/AF for all zones.

The Board requested that staff bring back information on the financial impacts of the COVID-19 Pandemic on the community and on Valley Water so that the Board could consider whether or not a mid-year rate increase for FY 2020-21 should be pursued for Zones W-2 and W-7, and whether or not any adjustments should be made to the FY 2020-21 budget. As of the writing of this memo, staff is planning to go to the Board on September 22, with a recommendation from the Budget Review Working Group (an ad hoc working group made up of three Board members) to not pursue a mid-year rate increase. This recommendation will result in the need for higher water rate increases in future years in the absence of offsetting cost cutting actions.

Also, on May 26, 2020 the Board adopted a $610 million budget for FY 2020-21, as shown in the attached Budget in Brief document (Attachment 1). As of the writing of this memo, staff is not planning to recommend any changes to the budget to the Board on September 22.

ATTACHMENTS:
Attachment 1: Budget in Brief
UNCLASSIFIED MANAGER:
Darin Taylor, 408-630-3068
Valley Water’s budget focuses on providing Silicon Valley with safe, clean water for a healthy life, environment and economy.

**FY 2020–21**

**Adopted Budget of $610 million**

Valley Water manages an integrated water resources system that includes the supply of clean, safe water, flood protection and stewardship of streams on behalf of Santa Clara County’s 2 million residents. In May, the Board of Directors adopted a $610 million budget for Fiscal Year 2020-21 to provide these critical services.

*Support Services total is net of intra-district reimbursements. (e.g. overhead costs charged to projects for administrative support services such as human resource and information technology etc.)*

Acronyms stand for Ends Policies references.
Board Work Plan

As part of the annual budgeting process, the Board conducts planning sessions to develop strategies to accomplish Valley Water’s long-term goals and objectives. This fiscally responsible and balanced budget meets the community’s expectations of Valley Water while also adapting to the COVID-19 pandemic. The budget was developed based on the Board’s current strategies; the FY 2020-21 Board Work Plan will be approved in the near future, and will serve as a road map for the year ahead and guide the preparation of future budgets.

Photo: Los Alamitos Recharge Pond located behind Valley Water Headquarters

Valley Water relies on a diverse array of funding sources

Valley Water receives funding from a variety of sources, including treated water, surface/recycled water and groundwater production charges; proceeds from property taxes; the Safe, Clean Water and Natural Flood Protection Program special parcel tax; benefit assessments; interest earnings; cost-sharing agreements and grants.

FY 2020–21
Adopted Revenue and Debt Financing
$642 million

Water Charges include charges for groundwater production, which is water produced by pumping from the underground basins; treated water, which has been processed through a water district water treatment plant; surface water, which has been diverted from streams, creeks, reservoirs, or raw water distribution lines; and recycled water, which is treated wastewater used in crop irrigation, landscaping and industrial uses.

Property Taxes comprise an allocated share of countywide 1% property tax receipts, and a voter-approved levy for State Water Project contract obligations.

Capital Reimbursements and other is primarily comprised of reimbursements from other agencies, grant revenue and interest earnings.

Special Parcel Tax provides funding for the Safe, Clean Water and Natural Flood Protection Program, passed by voters in 2012, and expires in 2028.

Benefit Assessments pay for debt services associated with flood protection projects and will continue until 2030.

Other Financing includes debt proceeds that provide upfront funding for the Capital Improvement Program (CIP).
Water Utility Projects

The Water Utility Enterprise is primarily responsible for providing a clean, reliable water supply for current and future generations. A new era of investment in water infrastructure is needed across the nation. The Fiscal Year 2020-21 budget includes critical investments that position the Water Utility Enterprise well to help ensure water continues to flow to your tap now and in the future.

Anderson Seismic Retrofit and FERC Compliance Project(s)

This project will resolve seismic stability deficiencies with Anderson Dam to ensure public safety, restore lost reservoir storage capacity, and comply with CA Department of Safety of Dams and Federal Energy Regulatory Commission (FERC) requirements for safe dam operations. The project also includes draining the reservoir to deadpool (el. 488 ft.) and constructing a new, higher-capacity outlet tunnel that will allow the reservoir to be more easily maintained at a constant level (drained more quickly) as an interim risk reduction measure required by FERC to ensure public safety, prior to the start of construction for the Seismic Retrofit Project.

Key deliverables: Implementing environmental/fish mitigation measures and beginning construction of new outlet tunnel.

Pacheco Reservoir Expansion

The proposed Pacheco Reservoir Expansion Project will enlarge the existing reservoir capacity of 6,000 acre-feet to 140,000 acre-feet by constructing a new upstream dam.

Key deliverables: Complete basis of design technical memoranda, complete environmental field investigation reports, prepare administrative draft environmental documents, and prepare 30% design.

Rinconada Water Treatment Plant (RWTP) Reliability Improvement

This project continues the nearly complete makeover of Valley Water’s oldest (more than 50 years) conventional water treatment plant. The project will also expand the plant’s peak treatment capacity from 80 million gallons per day (mgd) to 100 mgd. This facility is the only treated water facility on the west side of the county and must remain operational during the construction of new treatment elements.

Key deliverables: Complete site restoration and finalize Phase 2 construction. Phase 2 includes replacement or improvement of the existing treatment processes and facilities, including flocculation and sedimentation, washwater recovery, electrical control building, and chemical feed systems. Begin planning for an interim construction package for site restoration and other outstanding left-over work from Phase 2. Begin planning for remaining phase.

10-Year Pipeline Inspection and Rehabilitation

This project secures the reliability and long-term operational capability of Valley Water’s extensive, large-diameter raw and treated water pipeline system. Selected segments of the system are identified annually for inspection and rehabilitation, as needed.

Key deliverables: Complete construction of the Cross Valley and Calero pipelines. Advertise and award construction contracts for the Parallel East Pipeline Phase II and Central Pipeline.
Watershed Projects

Watersheds Operations oversees five distinct watershed areas in Santa Clara County and is responsible for overall stewardship of these geographic areas, providing flood protection and mitigating environmental impacts, while enhancing positive environmental aspects. Important activities funded by the FY 2020-21 budget include:

Permanente Creek Flood Protection
This project will provide flood protection for thousands of homes and businesses in Mountain View and Los Altos, create recreational opportunities and enhance the environment. The project spans 10.6 miles of Permanente Creek, from San Francisco Bay’s southwest shoreline through Mountain View to Foothill Expressway in Los Altos. The project uses a natural flood protection approach to prevent potential flooding damages in excess of $48 million (1999 value). The project includes: channel improvements; flood detention area and recreational improvements at City of Mountain View’s McKelvey Park; and flood detention areas, recreational improvements and enhanced habitat at County of Santa Clara’s Rancho San Antonio Park. Completion of the Rancho San Antonio Park Flood Detention Facility site is scheduled for spring of 2021.

Lower Guadalupe River – Tasman to I-880
This project will restore the river’s flood protection level to its 100-year flood design capacity and provide natural flood protection for residents, businesses, and visitors. When completed, the project will apply an integrated watershed management approach that balances environmental quality and protection from flooding. The project will preserve the river’s capacity to convey flood waters and the structural integrity of its stream banks, while minimizing impacts on the environment and protecting the suitability of the area to support habitats.

Fish Monitoring Program
Valley Water continues to expand its fish monitoring program to better understand the creek habitat needs and the important life stages of the threatened steelhead. The program includes sophisticated underwater cameras to capture fish movement, tagging fish with radio frequency identification (RFID) tags, creek temperature monitoring, and field monitoring to understand how fish under one year old have survived the critical summer period.

Other Flood Protection Projects
Watersheds will also complete construction of the Rancho San Antonio Park Flood Detention Facility and the Berryessa Creek Flood Protection Project. Construction will begin for San Francisco Bay Shoreline Phase I to provide flood protection and tidal wetland restoration, as well as for Piedmont Creek Wall Repair and Rehabilitation and Calabazas Creek Bank Rehabilitation.

COMMITTEE AGENDA MEMORANDUM

Agricultural Water Advisory Committee

SUBJECT:
Review FY2020-21 Board Work Plan.

RECOMMENDATION:
Review the Board’s work plan to guide the committee’s discussions regarding policy alternatives and implications for Board deliberation.

SUMMARY:
The attached Work Plan outlines the Board-approved topics for discussion to be able to prepare policy alternatives and implications for Board deliberation.

As part of the Board’s annual strategic planning process, board members and the Chair identify specific areas that they will monitor closely and engage as necessary. The specific areas identified during the strategic planning process are outlined in the FY21 Board Work Plan. In FY21 the Board will focus on new water storage opportunities as well as advancing major water supply facilities such as Anderson Dam and leading efforts in recycled and purified water. We will prioritize funding to protect and maintain our flood protection assets. In all focus areas we will continue to engage the community and not lose sight of our environmental stewardship goals such as a net positive impact on the environment. They will also address impacts of climate change on their work. As policy makers for Valley Water the Board will engage through board committees and full board discussion to monitor progress in the focus areas highlighted in this plan.

Early 2020 has brought about unprecedented and challenging times for everyone. The Board wants to assure the community that all board members remain committed through policymaking to ensuring Valley Water remains a high performing organization.

Message from the Valley Water Board Chair

At the Santa Clara Valley Water District (Valley Water), we manage a complex water resource system that provides clean, safe water, flood protection and stewardship of streams and creeks to nearly 2 million residents and businesses here in Santa Clara County.

As part of our annual strategic planning process, my fellow board members and I have identified specific areas that we will be monitoring closely and engaging as necessary. The specific areas identified during the strategic planning process are outlined in the FY21 Board Work Plan. In FY21 we will focus on new water storage opportunities as well as advancing major water supply facilities such as Anderson Dam and leading efforts in recycled and purified water. We will prioritize funding to protect and maintain our flood protection assets. In all focus areas we will continue to engage the community and not lose sight of our environmental stewardship goals such as a net positive impact on the environment. We will also address impacts of climate change on our work. As policy makers for Valley Water we will engage through board committees and full board discussions to monitor progress in the focus areas highlighted in this plan.

Early 2020 has brought about unprecedented and challenging times for everyone. We want to assure the community that my fellow board members and I remain committed through policymaking to ensuring Valley Water remains a high performing organization.

I look forward to reporting our progress and hope you find this document informative.

Nai Hsueh
Board Chair
Santa Clara Valley Water District
Founded in 1929, the Santa Clara Valley Water District (Valley Water) is the primary water resources agency for Santa Clara County, with key water supply, water quality, flood protection, and environmental stewardship responsibilities.

Valley Water Mission

Provide Silicon Valley safe, clean water for a healthy life, environment, and economy.

Values

1. Valley Water is entrusted to serve the public by carrying out its mission for the benefit of the community.
2. Valley Water is committed to providing excellent service to all customers.
3. All individuals are unique and important, and will be treated with fairness, dignity, and respect.
4. Valley Water takes pride in its work and is accountable to carry out its responsibilities safely with honesty and integrity.
5. Initiative, leadership, personal development, and training are vital for continuous improvement.
6. Open communication, cooperation, and teamwork are shared responsibilities and essential to the successful performance of Valley Water work.
7. Valley Water is committed to creating an inclusive work environment, which reflects and supports the diversity of the community and enriches our perspectives.
8. Valley Water strives to support a work culture and workplace environment that attracts and retains superior employees empowered to make decisions about, and take responsibility for, how they do their jobs.
9. Valley Water is committed to its employees and supports market-based competitive compensation that is equitable and rewards accomplishment and encourages high performance.
10. Valley Water is committed to sustaining a healthy work-life balance for its employees and places a high value on all the things that provide enrichment and fulfillment, including work and career, health and fitness, family and relationships, spirituality, community service, hobbies and passions, intellectual stimulation, rest and recreation.
Board of Directors

The Santa Clara Valley Water District Board of Directors (Board) is comprised of seven members, each elected from equally-divided districts. Specific job outputs of the Board include connecting with the community in Santa Clara County, developing policies to further Valley Water’s mission, and monitoring the performance of the organization.

The Board governs with an emphasis on outward vision, encouragement of diversity in viewpoints, strategic leadership more than administrative detail, and proactivity rather than reactivity.

The Board meets twice a month on the second and fourth Tuesday. All meetings are open to the public and may be viewed online.

Left to right: Tony Estremera, District 6; Richard Santos, District 3; John L. Varela, District 1; Gary Kremen, District 7; Barbara Keegan, District 2; Nai Hsueh, District 5; Linda J. LeZotte, District 4
Board Committees

The Board of Directors has established Board Committees to assist in performing its job. Committees meet regularly and are comprised of three members of the Board. They are open to the public.

- Agricultural Water Advisory Committee
- Board Audit Committee
- Board Ethics and Conduct Committee
- Board Policy and Planning Committee
- Capital Improvement Program Committee
- Diversity and Inclusion Ad Hoc Committee
- Environmental and Water Resources Committee
- Fisheries and Aquatic Habitat Collaborative Effort (FAHCE) Committee
- Homeless Encampment Committee
- Joint Recycled Water Advisory Committee (City of Palo Alto, City of East Palo Alto, City of Mountain View and Valley Water)
- Joint Recycled Water Committee (City of Sunnyvale and Valley Water)
- Joint Recycled Water Policy Advisory Committee (City of San Jose/Valley Water/City of Santa Clara)
- Joint Water Resources Committee (City of Gilroy, City of Morgan Hill, and Valley Water)
- Recycled Water Committee
- San Felipe Division Reach One Committee
- Santa Clara Valley Water Commission
- Water Conservation and Demand Management Committee
- Water Storage Exploratory Committee
- Youth Commission
Purpose of the Board Work Plan

The primary purpose of the Board’s FY2020-2021 Work Plan is to communicate with the public, community and stakeholders, the Board’s strategic focus for the fiscal year and how it supports Valley Water’s mission and long-term goals and objectives.

To perform its job, the Board established long-term goals and objectives (also known as Board Governance Policies – see Appendix A) for each of Valley Water’s core business areas (Water Supply, Natural Flood Protection, and Environmental Stewardship). Annually, the Board conducts planning sessions to develop strategies to accomplish the goals and objectives.

As part of their annual strategic planning process, the Board evaluates their goals, strategies, challenges and opportunities and identifies the specific areas requiring engagement and monitoring for the upcoming fiscal year. The Board outlines their focus areas and processes for monitoring progress in the Board Work Plan.

Throughout the year, the Board reviews and provides input and direction on Valley Water’s budget, Capital Improvement Program, and other program and master plans, to ensure there is funding and support to enable staff to accomplish Valley Water’s mission.

All strategy implementation is monitored by the Board through Executive Limitation requirements (see Appendix A), staff development of programs and plans, assigned Board Committee work, and Board Appointed Officer performance evaluations.

<th>Board Goals</th>
<th>FY 2020-21 Work Plan Strategies</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Water Supply</strong></td>
<td>• Actively Pursue New Water Storage Opportunities.</td>
</tr>
<tr>
<td></td>
<td>• Actively Participate in decisions regarding the CA Delta Conveyance.</td>
</tr>
<tr>
<td></td>
<td>• Lead Recycled and Purified Water Efforts with committed partners.</td>
</tr>
<tr>
<td></td>
<td>• Engage and educate the community, elected officials and staff on future water supply strategies in Santa Clara County.</td>
</tr>
<tr>
<td></td>
<td>• Advance Anderson Dam Seismic Retrofit Project.</td>
</tr>
<tr>
<td><strong>Natural Flood Protection</strong></td>
<td>• Protect and maintain existing assets and infrastructure.</td>
</tr>
<tr>
<td></td>
<td>• Pursue opportunities to improve internal capacity to acquire regulatory permits.</td>
</tr>
<tr>
<td><strong>Environmental Stewardship</strong></td>
<td>• Attain net positive impact on the environment when implementing flood protection and water supply projects.</td>
</tr>
<tr>
<td></td>
<td>• Promote the protection of creeks, bay, and other aquatic ecosystems from threats of pollution and degradation.</td>
</tr>
<tr>
<td></td>
<td>• Continue the Fisheries and Aquatic Habitat Collaborative Effort (FAHCE).</td>
</tr>
<tr>
<td><strong>Business Management</strong></td>
<td>• Advance diversity and inclusion.</td>
</tr>
<tr>
<td></td>
<td>• Maintain appropriate staffing levels and expertise.</td>
</tr>
<tr>
<td></td>
<td>• Provide affordable and cost-effective level of services.</td>
</tr>
<tr>
<td><strong>Climate Change</strong></td>
<td>• Address future impacts of climate change to Valley Water’s mission and operations.</td>
</tr>
</tbody>
</table>
**GOAL: WATER SUPPLY**

<table>
<thead>
<tr>
<th>Strategy 1</th>
<th>Actively Pursue New Water Storage Opportunities.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Oppportunity</strong></td>
<td>Water storage capacity is an important tool for Valley Water for capturing wet-year water for use during drier periods. Such storage aids water supply, flood protection, and recreational uses and helps regulate downstream water quality and supply cold water flows for fish. Storage is also an important tool for managing unpredictable hydrology due to climate change and sea level rise. As such, water storage is important for both human and environmental objectives and must fit within a large and diverse water and environmental portfolio. Challenges include determining the appropriate level of participation for Valley Water and prioritizing sites within funding limitations across all projects.</td>
</tr>
</tbody>
</table>
| **Focus** | • Explore opportunities to develop new surface and groundwater storage projects that align with Valley Water’s mission. Additionally, seek water exchange and transfer opportunities.  
• Determine level of participation for projects and decisions about partnerships. |
| **Monitoring** | Continue to monitor through the Water Storage Exploratory Committee and provide updates to Board as necessary. |
| **Related Staff Plans** | Water Supply Master Plan |
## GOAL: WATER SUPPLY

<table>
<thead>
<tr>
<th>Strategy 2</th>
<th>Actively Participate in decisions regarding the CA Delta Conveyance.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>As much as 40 percent of the water Santa Clara County uses each year comes through the Delta. But the Delta’s aging network of earthen levees faces risks from rising seas, earthquakes and flooding, while the declining conditions for fish and wildlife have led regulators to put more restrictions on when water can move through the Delta. Participation in modernizing the delta conveyance is necessary to protect water supply in Santa Clara County and better manage Delta diversions to protect fish and wildlife. Challenges include permitting difficulties, potential legal challenges, and uncertainty around the Bureau of Reclamation’s participation.</td>
</tr>
<tr>
<td><strong>Focus</strong></td>
<td>• As a voice for Northern California, continue to engage, negotiate, and increase public education of the project through serving on the Delta Conveyance Design and Construction Authority and Finance Authority and Stakeholder Engagement Committee in adherence to Board approved Guiding Principles, to protect Santa Clara County’s interests.</td>
</tr>
<tr>
<td><strong>Monitoring</strong></td>
<td>Continue to monitor and update the Board on the project and project funding requirements and governance related to the JPAs as well as additional agreements related to state water and federal water.</td>
</tr>
<tr>
<td><strong>Related Staff Plans</strong></td>
<td>Water Supply Master Plan</td>
</tr>
</tbody>
</table>
## GOAL: WATER SUPPLY

<table>
<thead>
<tr>
<th>Strategy 3</th>
<th>Lead Recycled and Purified Water Efforts with committed partners.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>Recycled and purified water continue to play a key role in the long-term sustainability of our county’s water supplies. Identifying and working with the appropriate agencies within the county to negotiate and execute various Memoranda of Understanding to expand the use of non-potable and the production and use of advanced purified water is a high priority. Opportunities exist to expand Valley Water’s Silicon Valley Advanced Water Purification Facility (AWPF) and/or build additional AWPFs throughout the County. However, challenges include resolving previously identified issues of land, securing contractual rights to treated wastewater, treated wastewater quality and declining flows at treatment plants, and reverse osmosis concentrate management.</td>
</tr>
</tbody>
</table>

| **Focus** | • Develop a portfolio of advanced purified water and secure treated wastewater as identified in the Water Supply Master Plan.  
• Elevate discussion with San Jose from staff to elected official level and include City of Santa Clara and other wastewater agencies in order to reach a decision point on a project by mid-September 2020.  
• Present a water reuse roadmap that clarifies position on Indirect Potable Reuse (IPR) vs. Direct Potable Reuse (DPR).  
• Develop plan for South County including a governance model. |

| **Monitoring** | Continue to monitor through the Recycled Water Committee and present regular updates and seek policy guidance from the Board as necessary. |

| **Related Staff Plans** | Water Supply Master Plan  
Countywide Water Reuse Master Plan |
<table>
<thead>
<tr>
<th>Strategy 4</th>
<th>Engage and educate the community, elected officials and staff on future water supply strategies in Santa Clara County.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>A reliable supply of clean water is necessary for the social, economic, and environmental wellbeing of Santa Clara County. Valley Water’s strategies for providing a reliable and sustainable water supply in a cost-effective manner are challenging. The challenges include the cost of water, the public perception of costs of different types of water, and how to effectively implement our water supply strategies into the future.</td>
</tr>
</tbody>
</table>
| **Focus** | • Clarify strategies for outreach and education programs and efforts.  
• Develop metrics to understand the ROI of outreach strategies, such as the annual favorability survey.  
• Increase efforts to educate the public about the mix of different types of water in Valley Water’s portfolio, including the Delta Conveyance, and associated current and projected costs. |
| **Monitoring** | Monitor progress through the Water Conservation and Demand Management Committee. |
| **Related Staff Plans** | Water Supply Master Plan  
Countywide Water Reuse Master Plan |
GOAL: WATER SUPPLY

<table>
<thead>
<tr>
<th>Strategy 5</th>
<th>Advance Anderson Dam Seismic Retrofit Project.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>As our largest reservoir, Anderson serves not just as a critical water supply facility, but also supports Valley Water’s mission of flood protection and environmental stewardship. Given the reservoir’s critical importance to ensuring safe, clean water for our communities and to protect public safety, it is imperative that the Anderson Dam Seismic Retrofit Project (ADSRP) move forward proactively.</td>
</tr>
</tbody>
</table>
| **Focus** | • Progress all elements on the Federal Energy Regulatory Commission Order Compliance Project (FOCP) into design/construction  
• Begin construction of the Anderson Dam Tunnel Project (ADTP).  
• Continue to work with appropriate regulatory agencies to review and obtain approval for all project design plans on the ADSRP.  
• Release for review the Draft Environmental Report for the ADSRP.  
• Continue to inform the public and neighborhoods of the project progress and construction timeline.  
• Balance flood protection, water supply, and environmental flow requirements appropriately for annual operations prior to completion of the construction of ADSRP. |
| **Monitoring** | Monitor project progress through to the Capital Improvement Program Committee. |
| **Related Staff Plans** | • Safe, Clean Water and Natural Flood Protection Program  
• Fish Habitat Restoration Plan  
• Coyote Feasibility Study  
• Water Supply Master Plan |
GOAL: NATURAL FLOOD PROTECTION

<table>
<thead>
<tr>
<th>Strategy 1</th>
<th>Protect and maintain existing assets and infrastructure.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>Maintenance of Valley Water’s flood protection infrastructure is crucial to ensuring continued protection of our communities; and ensuring the significant local, state, and federal investments in flood protection continue to provide benefits. Timely maintenance is the most cost-effective investment for flood protection, and deferred maintenance disproportionately increases costs. In addition, aging assets are reaching the end of the design life and will require major recapitalization.</td>
</tr>
</tbody>
</table>
| **Focus** | • Prioritize funding for maintenance activities to ensure the most cost-effective flood protection investment.  
• Develop asset management approach to plan for major asset recapitalization.  
• Develop program to plan for multi-benefit opportunities when major maintenance work is required. |
| **Monitoring** | Provide periodic updates to the Board Planning and Policy Committee. |
| **Related Staff Plans** | Five-year Operations and Maintenance Plan  
Watershed Asset Management Plan  
Safe, Clean Water and Natural Flood Protection Program |
**GOAL: NATURAL FLOOD PROTECTION**

<table>
<thead>
<tr>
<th>Strategy 2</th>
<th>Pursue opportunities to improve internal capacity to acquire regulatory permits.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Challenge/Opportunity</td>
<td>Valley Water continues to pursue legislative and administrative solutions to resolve regulatory and permitting issues at the federal and state levels. However, recognizing the limits of Valley Water's ability to change permitting processes, FY21 efforts will focus on improving internal capacity for applying for permits including centralizing permitting efforts, as well as building trust with regulatory agencies and staying current with the regulatory environment.</td>
</tr>
</tbody>
</table>
| Focus | • Provide for Watershed-Wide regulatory planning and permitting effort and pursue other efforts at the state and federal level to expedite permit review.  
• Centralize permitting efforts amongst Valley Water staff to improve efficiency of applications and build closer relationships with regulatory agencies.  
• Build closer relationships with regulatory agencies and open dialogue with the environmental community. |
| Monitoring | Provide regular project updates to the Board Policy and Planning Committee. |
| Related Staff Plans | One Water Plan |
**GOAL: ENVIRONMENTAL STEWARDSHIP**

<table>
<thead>
<tr>
<th>Strategy 1</th>
<th><strong>Attain net positive impact on the environment when implementing flood protection and water supply projects.</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>Valley Water’s projects and programs encourage integrated planning to ensure capital improvements, operations, and maintenance activities are balanced with environmental stewardship goals. Valley Water strives to protect and restore habitats to support native species throughout the County.</td>
</tr>
</tbody>
</table>
| **Focus** | • As part of the One Water planning process, develop an integrated water resource plan for each watershed, including appropriate metrics to monitor Valley Water’s impacts on and benefit to the environment.  
• Ensure that stewardship efforts are integrated and not focused primarily on mitigation.  
• Seek input from a wide range of communities including tribal voices, disadvantaged communities, regulators, and the environmental community, whenever possible.  
• Revisit Ends Policy 4 in light of climate change, trails, open space, stewardship, etc. |
| **Monitoring** | Revisions to policies to be reviewed by the Board Policy and Planning Committee. Provide regular project updates to the Board on One Water’s Watershed Plans. |
| **Related Staff Plans** | One Water Plan  
Climate Change Action Plan |
## GOAL: ENVIRONMENTAL STEWARDSHIP

<table>
<thead>
<tr>
<th>Strategy 2</th>
<th>Promote the protection of creeks, bay, and other aquatic ecosystems from threats of pollution and degradation.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>Valley Water continues to coordinate with local cities and agencies to improve the health of our local waterways, including pollution prevention and addressing threats to water quality. Opportunities exist to further collaborate with the county and cities to improve surface water quality on issues such as: encampment abatement efforts, long-term solutions for homelessness, and non-point source pollution.</td>
</tr>
</tbody>
</table>
| **Focus** | • Continue efforts to protect the ecosystem and water quality of our waterbodies, the integrity of our infrastructure, and ensure our employees have a safe work environment. Such efforts include preventing stormwater pollution, increased implementation of green stormwater infrastructure, addressing mercury pollution, and homeless encampment clean ups.  
• Continue partnerships and investments on a regional scale such as the South Bay Salt Pond Restoration and Santa Clara Valley Urban Runoff Pollution Prevention Program (SCVURPPP). |
| **Monitoring** | Provide regular updates to the Board. Provide updates to the Homeless Encampment Committee on strategies to address homeless encampments. |
| **Related Staff Plans** | One Water Plan  
Santa Clara Valley Urban Runoff Pollution Prevention Program

Safe, Clean Water and Natural Flood Protection Program |
GOAL: ENVIRONMENTAL STEWARDSHIP

<table>
<thead>
<tr>
<th>Strategy 3</th>
<th>Continue the Fisheries and Aquatic Habitat Collaborative Effort (FAHCE)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Challenge/Opportunity</td>
<td>Valley Water has been working to resolve a water rights complaint surrounding fish, wildlife, water quality, and other beneficial uses in Coyote Creek, the Guadalupe River, and Stevens Creek. Challenges include: obtaining federal and state permits from multiple regulatory agencies, refining and processing water rights change petitions, the technical complexity of the fisheries impacts analysis, and managing stakeholder expectations.</td>
</tr>
<tr>
<td>Focus</td>
<td>• Expedite early implementation of feasibility studies, monitoring activities, and planning and construction of various fish passage improvements. • Integrate with Anderson Dam Seismic Retrofit Project, Coyote Creek, and other new projects. • Continue FAHCE effort on remaining two creeks: Guadalupe River and Stevens Creek. • Develop Adaptive Management Plan to encompass all three creeks.</td>
</tr>
<tr>
<td>Monitoring</td>
<td>Continue to monitor through the FAHCE Committee and provide updates to Board.</td>
</tr>
<tr>
<td>Related Staff Plans</td>
<td>Fish Habitat Restoration Plan One Water Plan Coyote Feasibility Study</td>
</tr>
</tbody>
</table>
GOAL: BUSINESS MANAGEMENT

<table>
<thead>
<tr>
<th>Strategy 1</th>
<th>Advance diversity and inclusion.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>The Board is committed to providing a work environment that is diverse, inclusive, free of discrimination and harassment, and provides equal opportunity employment. This includes both internal policies as well as improving access to opportunities at Valley Water by broadening recruitment efforts with a wide range of partners.</td>
</tr>
</tbody>
</table>
| **Focus** | • Continue research on best practices to understand the changing landscape of diversity and inclusion to identify where continued investment is necessary.  
• Develop Board’s vision for Valley Water as a diverse and inclusive organization. |
| **Monitoring** | Provide regular updates to Diversity & Inclusion Ad Hoc Committee and the full Board. |
| **Related Staff Plans** | Racial Equity, Diversity & Inclusion Master Plan (under development) |
## GOAL: BUSINESS MANAGEMENT

<table>
<thead>
<tr>
<th>Strategy 2</th>
<th>Maintain appropriate staffing levels and expertise.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>The Board recognizes that Valley Water’s workforce is the critical component to accomplishing its mission and all the goals and strategies in this work plan. As such, the Board is very committed to ensuring that staff are able to recruit capable employees with knowledge and subject-matter expertise, and provide training to meet changing skills and capacity needs. Challenges include a high vacancy rate and limited number of recruiters, difficulties in prioritizing training aside work priorities, and changes in workforce needs.</td>
</tr>
</tbody>
</table>
| **Focus** | - Finalize a long-term staffing strategy that aligns with Water Supply Master Plan, Capital Improvement Program, Operations & Maintenance plans, etc..  
- Develop classification career ladders to provide understanding of requirements for professional growth.  
- Consider opportunities to grow the recruitment pipeline from high school and college students, workforce development programs, and the Valley Water intern program. |
| **Monitoring** | Regular updates will be provided to the Diversity & Inclusion Ad Hoc Committee and full Board. Monitoring should include regular updates on the four elements staffing strategy: 1) Grow Pipeline, 2) Recruitment Process, 3) Retention Program, and 4) Promotion Practices. |
| **Related Staff Plans** | Long-term Staffing Master Plan (under development) |
**GOAL: BUSINESS MANAGEMENT**

<table>
<thead>
<tr>
<th>Strategy 3</th>
<th>Provide affordable and cost-effective level of services.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Challenge/Opportunity</strong></td>
<td>The Board understands that it needs to regularly evaluate the financial status of the organization to ensure the level of services provided are reasonable and cost-effective. As such, continued research is necessary to pursue feasible revenue sources allowed by the District Act in order to deliver affordable and effective services while controlling expectations with regard to what Valley Water can achieve and what it can afford to do.</td>
</tr>
<tr>
<td><strong>Focus</strong></td>
<td>• Establish benchmarking with other agencies, particularly water agencies, in order to understand areas for improvement.</td>
</tr>
<tr>
<td><strong>Monitoring</strong></td>
<td>Utilize the Financial Sustainability Working Group to focus on potential new revenue sources and the Board Audit Committee to monitor the cost-effectiveness of services.</td>
</tr>

Appendix A

Board Governance Policies/Long-Term Goals and Objectives

The Board has adopted Board Governance Policies which describe how the board conducts its business, what they have directed the CEO and other Board Appointed Officers (BAO) to accomplish, and constraints on the CEO and BAOS that establish prudent and ethical boundaries within which all activity and decisions must take place.

A full list of the Board Governance Policies can be found here: https://www.valleywater.org/how-we-operate/board-governance-policies

Ends Policies, also referred to as Long Term Goals and Objectives, provide direction to the CEO and BAOS to accomplish Valley Water’s mission.

Long Term Goals and Objectives

Water Supply Long-Term Goals

Goal 1: Current and future water supply for municipalities, industries, agriculture, and the environment is reliable.

Objectives

a. Aggressively protect groundwater from the threat of contamination and maintain and develop groundwater to optimize reliability and to minimize landsubsidence and salt water intrusion.
b. Protect, maintain and develop local surface water.
c. Protect, maintain, and develop imported water.
d. Protect, maintain, and develop recycled water.
e. Maximize water use efficiency, water conservation, and demand management opportunities.
f. Prepare for and respond effectively to water utility emergencies.

Goal 2: Raw water transmission and distribution assets are managed to ensure efficiency and reliability.

Objective

a. Raw water transmission and distribution assets are managed to ensure efficiency and reliability.

Goal 3: Reliable high quality drinking water is delivered.
Objective

a. Meet or exceed all applicable water quality regulatory standards.

b. Maintain effective relationships with the retailer and other stakeholders to ensure high quality, reliable drinking water.

Natural Flood Protection Long-Term Goals and Objectives

Goal 1: Provide natural flood protection for residents, businesses, and visitors.

Objective

a. Protect parcels from flooding by applying an integrated watershed management approach that balances environmental quality and protection from flooding.

b. Preserve flood conveyance capacity and structural integrity of stream banks, while minimizing impacts on the environment and protecting habitat values.

Goal 2: Reduce potential for flood damages.

Objective

a. Promote the preservation of flood plain functions.

b. Reduce flood risks through public engagement.

c. Prepare and respond effectively to flood emergencies countywide to protect life and property.

Environmental Stewardship Long-Term Goals and Objectives

Goal 1: Protect and restore creek, bay, and other aquatic ecosystems.

Objective

a. Preserve creeks, bay, and ecosystems through environmental stewardship.

b. Improve watersheds, streams, and natural resources.

c. Promote the protection of creeks, bay, and other aquatic ecosystems from threats of pollution and degradation.

d. Engage and educate the community in the protection of water quality and stream stewardship.

e. Prepare and respond to emergencies that threaten local waterways.

f. To the extent within practicable control of the District, adopt a strategy to restore the salmonid fishery on identified salmonid streams within 15 years of strategy adoption by creating suitable accessible spawning and rearing habitats.

Goal 2: Improved quality of life in Santa Clara County through appropriate public access to trails, open space, and District facilities.
Objective

a. Support healthy communities by providing access to additional trails, parks, and open space along creeks and in the watersheds.

b. Support healthy communities by providing appropriate public access to District facilities.

Goal 3: Strive for zero net greenhouse gas emission or carbon neutrality.

Objective

a. Reduce greenhouse gas emissions to achieve carbon neutrality by 2020

Business Management

Executive Limitations (EL), provide boundaries to the CEO and BAOS in which all executive activity and decisions must take place. Executive Limitations have been established in the following areas:

EL-1 General Principles
EL-2 Customer Relations
EL-3 Human Resources
EL-4 Financial Management
EL-5 Procurement
EL-6 Asset Protection
EL-7 Communication and Support to the Board
EL-8 Inclusion, Equal Employment Opportunity, Discrimination/Harassment Prevention, and Diversity
Appendix B

Staff Program Plans and Master Plans

Program plans and master plans are developed by staff to achieve the Board’s long-term goals and objectives in relation to Valley Water’s mission and overall business management.

Below is a list of program and master plans that have been referenced in the Board Work Plan. Other plans can be obtained by contacting the Office of the Clerk of the Board at (408) 630-2277.

COMMITTEE AGENDA MEMORANDUM

Agricultural Water Advisory Committee

SUBJECT:
Review Agricultural Water Advisory Committee Work Plan, the Outcomes of Board Action of Committee Requests; and the Committee’s Next Meeting Agenda.

RECOMMENDATION:
Review the Committee work plan to guide the committee’s discussions regarding policy alternatives and implications for Board deliberation.

SUMMARY:
The attached Work Plan outlines the Board-approved topics for discussion to be able to prepare policy alternatives and implications for Board deliberation. The work plan is agendized at each meeting as accomplishments are updated and to review additional work plan assignments by the Board.

BACKGROUND:

Governance Process Policy-8:
The District Act provides for the creation of advisory boards, committees, or commissions by resolution to serve at the pleasure of the Board.

Accordingly, the Board has established Advisory Committees, which bring respective expertise and community interest, to advise the Board, when requested, in a capacity as defined: prepare Board policy alternatives and provide comment on activities in the implementation of the District’s mission for Board consideration. In keeping with the Board’s broader focus, Advisory Committees will not direct the implementation of District programs and projects, other than to receive information and provide comment.

Further, in accordance with Governance Process Policy-3, when requested by the Board, the Advisory Committees may help the Board produce the link between the District and the public through information sharing to the communities they represent.

ATTACHMENTS:
Attachment 1: Agricultural Water Advisory Committee 2020 Work Plan
Attachment 2: Agricultural Water Advisory Committee January 2021 Draft Agenda
UNCLASSIFIED MANAGER:
Michele King, 408-630-2711
The annual work plan establishes a framework for committee discussion and action during the annual meeting schedule. The committee work plan is a dynamic document, subject to change as external and internal issues impacting the District occur and are recommended for committee discussion. Subsequently, an annual committee accomplishments report is developed based on the work plan and presented to the District Board of Directors.

<td>The Committee unanimously approved that the Committee allow the SCC Farm Bureau to formulate the question to add to the Community Input Survey.</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The Board took the following action at its February 11, 2020, meeting:
They took no action on recommendations 1 and 2, noting that they had been resolved, as described in the corresponding staff analysis that no Board action was required.

Staff Analysis #1 (summarized for work plan)
On January 6, 2020, the Committee voted to defer to the Farm Bureau to develop and include an Agricultural/ Open Space Credit question for consideration in the future funding community input survey, to help ascertain the level of community interest for maintaining the open space credit. However, on Jan. 11, 2020, the final proposed question was subsequently requested to be removed from the survey per the Farm Bureau’s request. Staff agreed that the question was not necessary to develop any future program.

Staff Analysis #2 (summarized for work plan):
Staff provided response via email correspondence to Farm Bureau on Jan. 8, 2020. After further discussions, the Farm Bureau has since withdrawn their request to include a question as part of the future funding community input survey.

DRAFT AGENDA

AGRICULTURAL WATER ADVISORY COMMITTEE

MONDAY, JANUARY 4, 2021

1:30 p.m. – 3:30 p.m.

Time Certain:
1:30 p.m.  1. Call to Order/Roll Call

2. Time Open for Public Comment on Any Item Not on Agenda
   Comments should be limited to two minutes. If the Committee wishes to discuss a subject
   raised by the speaker, it can request placement on a future agenda.

3. Approval of Minutes
   3.1 Approval of Minutes – October 5, 2020, meeting

4. Election of Chair and Vice Chair

5. Action Items
   5.1 Review and Approve 2020 Annual Accomplishments Report for Presentation to the
       Board (Committee Chair)
   Recommendation: This is an action item to provide comments to the Committee Chair
   to share with the Board as part of the Accomplishments Report presentation
   pertaining to the purpose, structure, and function of the Committee.

   5.2 Review and Comment to the Board on the Fiscal Year 2021-2022 Preliminary
       Groundwater Production Charges (Darin Taylor)
   Recommendation: Provide comment to the Board in the implementation of the
   District’s mission as it applies to staff’s groundwater production charge
   recommendation for FY 2020-2021.

   5.3 Review Agricultural Water Advisory Committee Work Plan, the Outcomes of Board
       Action of Committee Requests and the Committee’s Next Meeting Agenda
       (Committee Chair)
   Recommendation: Review the Board-approved Committee work plan to guide the
   committee’s discussions regarding policy alternatives and implications for Board
   deliberation.

6. FY2021 Board Work Plan
   This item allows the Agricultural Water Advisory Committee to receive verbal or written
   updates and discuss the Board's Fiscal Year 2020 Work Plan Strategies. These items are
   generally informational; however, the Committee may request additional information and/or
   provide collective input to the assigned Board Committee.

<thead>
<tr>
<th>Agricultural Water Advisory Committee Purpose and Duties</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Agricultural Water Advisory Committee of the Santa Clara Valley Water District (District) is established per the District Act to assist the District Board of Directors (Board) with policies pertaining to agricultural water supply and use.</td>
</tr>
<tr>
<td>The specific duties are:</td>
</tr>
<tr>
<td>• Providing input on policy alternatives for Board deliberation, when requested by the Board.</td>
</tr>
<tr>
<td>• Providing comment on activities in the implementation of the District’s mission that the Board will consider or refer to staff.</td>
</tr>
<tr>
<td>• Producing and presenting to the Board an Annual Accomplishments Report that provides a synopsis of the Committee’s discussions regarding specific topics and subsequent policy recommendations, comments, and requests that resulted from those discussions.</td>
</tr>
<tr>
<td>In carrying out these duties, the Board’s Committees bring to the District their respective expertise and the interests of the communities they represent. In addition, Board Committee members may bring information regarding District activities to the communities they represent.</td>
</tr>
</tbody>
</table>
