## Amendments in This Packet for Consideration by Appropriations Committee

Amendment	Description
J.001	Staff-prepared appropriation amendment
L.002/J.002	Bill Sponsor amendment - changes fiscal impact and appropriation

#### **Current Appropriations Clause in Bill**

The bill requires but does not contain an appropriation clause.

### **Description of Amendments in This Packet**

**J.001** Staff has prepared amendment **J.001** (attached) to add a provision appropriating a total of \$1,144,257 General Fund to the Department of Human Services and \$210,677 General Fund to the Department of Education for FY 2022-23. This provision also states that the appropriation is based on the assumption that the Department of Human services will require an additional 0.9 FTE, and the Department of Education will require an additional 0.6 FTE.

#### L.002 and J.002

Bill Sponsor amendment **L.002** (attached) specifies that the Department of Human Services shall contract with between two and five school districts, rather than up to five districts. The original fiscal note assumes that the Department will contract with five districts. The amendment reduces the fiscal impact based on the assumption that the Department will contract with only two school districts. Staff has drafted **J.002** (attached) to appropriate a total of \$563,568 General Fund to the Department of Human Services and \$210,677 General Fund to the Department of Education to align with this assumption. Legislative Council Staff and JBC Staff agree on the fiscal impact of the amendment.

If the Committee adopts L.002, it should adopt J.002 and not J.001.

#### **Points to Consider**

### General Fund Impact

The Joint Budget Committee has proposed a budget package for FY 2022-23 based on the March 2022 Legislative Council Staff revenue forecast. The budget package includes two set-asides:

- \$40.0 million General Fund for bills that create ongoing obligations; and
- \$900.0 million General Fund for bills that create one-time obligations in FY 2022-23.

The \$40.0 million *appropriations* set-aside includes an additional \$6.0 million General Fund to provide a 15.0 percent General Fund reserve for those appropriations. The \$900.0 million *obligations* set-aside does not include an additional amount for a General Fund reserve and, assumes, but does not require, that obligations be addressed through statutory transfers rather than appropriations. Therefore *appropriations* from the \$900.0 million set-aside require an additional 15.0 percent to maintain the statutory General Fund reserve.

This bill creates an ongoing obligation and requires a General Fund appropriation of \$1,354,934 for FY 2022-23, reducing the \$40.0 million set aside by the same amount.

If the Committee adopts L.002 and J.002, the ongoing obligation is reduced to \$774,245 General Fund, reducing the \$40.0 million set aside by the same amount.
