1     *Be it enacted by the General Assembly of the State of Colorado:*

2           **SECTION 1. Legislative declaration.** (1) The general assembly  
3     finds that, as the use of unmanned aircraft systems expands in Colorado,  
4     the possibility exists that operators of such systems may interfere with  
5     public safety operations and that such interference could create public  
6     safety concerns.

7           (2) Now, therefore, it is the intent of the general assembly that:

8               (a) Efforts should be undertaken to increase public awareness of  
9     the possible hazards of unmanned aircraft systems and to provide  
10    necessary tools to eliminate, to the extent possible, interference with  
11    public safety activities by operators of unmanned aircraft systems; and

12               (b) When a public safety agency enters a scenario in which  
13    interference by unmanned aircraft systems would likely put public safety  
14    at risk:

15               (I) The agency should make its presence known; and

16               (II) Operators of unmanned aircraft systems should follow  
17    applicable laws and regulations and comply with any instructions issued  
18    by public safety entities on the scene.
