Bill Outcome: Signed into Law

Drafting number: LLS 25-0464

Version: Final Fiscal Note

Date: May 27, 2025

Fiscal note status: This final fiscal note reflects the enacted bill.

Summary Information

Overview. The bill changes requirements for minors receiving electroconvulsive treatment.

Types of impacts. The bill is projected to affect the following areas on an ongoing basis:

- Minimal State Workload

Appropriations. No appropriation is required.

Table 1
State Fiscal Impacts

Type of Impact	Budget Year FY 2025-26	Out Year FY 2026-27
State Revenue	\$0	\$0
State Expenditures	\$0	\$0
Transferred Funds	\$0	\$0
Change in TABOR Refunds	\$0	\$0
Change in State FTE	0.0 FTE	0.0 FTE

Summary of Legislation

Current law allows electroconvulsive treatment (ECT) to be performed on minors who are under the age of 16 years old only if certain conditions are met. The bill repeals the requirement that ECT must be necessary to treat life-threatening malignant catatonia. It also requires one of the two licensed individuals who approve ECT for a minor to specialize in child and adolescent psychiatry.

State Expenditures

Starting in 2025-26, workload in the Department of Regulatory Agencies, the Department of Public Health and Environment, and the Behavioral Health Administration will minimally increase to update rules, procedures, and technical forms for licensed medical professionals and health care facilities, and to respond to complaints. This workload is expected to be minimal and no change in appropriations is required.

Effective Date

This bill was signed into law by the Governor and took effect on March 31, 2025.
