Summary of Legislation

The bill modifies requirements for tenant screening reports used in the rental application process. Specifically, the bill

- specifies that credit histories are not required for reports concerning tenants seeking to rent with the assistance of housing subsidies;
- removes a requirement that reports received by landlords from tenants be made directly available by reporting agencies.

Assessment of No Fiscal Impact

The changes under the bill to tenant screening reports are not expected to impact state or local government revenue and expenditures, as these reports impact private parties and reports are not administered by state or local government agencies. Thus, this bill is assessed as having no fiscal impact.

Effective Date

The bill was signed into law by the Governor on June 3, and takes effect on August 6, 2025, assuming no referendum petition is filed. It applies to rental applications on or after this date.
