A BILL FOR AN ACT

101 **CONCERNING MEASURES AFFECTING EQUESTRIANS.**

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill defines an equestrian zone as an area that a municipality or county determines is suburban or urban and contains:

- Public equestrian venues;
- Residential neighborhoods where significant numbers of equestrians live and engage in equestrian activities;
- Keystone properties that have equestrian facilities that stable horses, serve the community, or provide equestrian services; or

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.
Capital letters or bold & italic numbers indicate new material to be added to existing law.
Dashes through the words or numbers indicate deletions from existing law.

- Roads or trails that equestrians regularly use and that are related to the areas described in the last 3 bullet points.

The bill requires municipalities and counties to:

- Construct and maintain infrastructure necessary to access horse trails and install signs that notify the public of the infrastructure;
- Identify locations where equestrian road crossings are needed to safely use horse trails, construct and maintain the equestrian road crossings in those places, and install signs notifying the public of the crossings;
- Publish a map showing the location and character of existing or proposed equestrian infrastructure;
- Erect road signs bearing the universal equestrian sign symbol and the words "wide and slow" in equestrian zones; and
- Identify and show the location and character of existing or proposed equestrian infrastructure, venues, and riding zones on master plans.

A municipality or county may organize public events to educate the public about equestrian use of recreational trails and roads and the duties of users of trails and roads with regard to equestrian users.

In an equestrian zone on a road, the driver of a motor vehicle must, when passing an equestrian:

- Proceed with due care and caution, passing wide and slow;
- Refrain from using the vehicle's horn, unless necessary to avoid an unsafe condition or harming the equestrian;
- Obey a signal from the equestrian to stop or slow the motor vehicle;
- Keep the motor vehicle from exceeding 10 miles per hour; and
- Maintain 6 feet of distance from the equestrian.

When using a road, equestrian riders may proceed 2 abreast if one of the riders is under 18 years of age or if one of the equestrians is inexperienced and the young or inexperienced equestrian is closest to the edge of the road. Equestrians have the right-of-way at a designated equestrian road crossing. The local authority must post a permanent sign at an equestrian road crossing.

The division of local government in the department of local affairs is given the duty of educating sheriffs and local law enforcement of these trail and road provisions. The department of revenue is given the duty of adopting rules to add the road provisions to driver's education curricula.

1 **SECTION 1. Legislative declaration.** (1) The general assembly
2 finds and declares that:

3 (a) The equestrian community in Colorado is a vibrant and valued
4 segment of the state's cultural heritage and recreational activities, utilizing
5 the state's roads, trails, and public lands;

6 (b) Equestrians play a critical role in Colorado's tourism, rural and
7 suburban economies, and broader agricultural and recreational industries,
8 driving economic growth and supporting job creation across the state;

9 (c) The 2023 American Horse Council impact study estimates
10 over 180,000 horses are housed on 430,700 acres in the state;

11 (d) The economic effects in the United States of the equestrian
12 recreational sector include direct employment in 277,716 jobs, total
13 employment in 466,969 jobs, and a direct contribution to the economy of
14 \$14.548 billion;

15 (e) The economic effects in the United States of the equestrian
16 competition sector include direct employment in 301,527 jobs, total
17 employment in 486,820 jobs, and direct contribution to the economy of
18 \$15.628 billion;

19 (f) The economic effects in the United States of the equestrian
20 racing sector include direct employment in 312,484 jobs, total
21 employment in 491,232 jobs, and a direct contribution to the economy of
22 \$16.049 billion;

23 (g) A 2017 American Horse Council impact study breakout for
24 Colorado estimated:

25 (I) Horse ownership, equine institutions and profit-making
26 organizations, and tourism spending by participants and spectators
27 combine for a \$3.1 billion economic impact;

1 (II) Approximately 676,000 households in Colorado contain horse
2 enthusiasts, and for every horse-owning household, 22 other households
3 contain horse enthusiasts who participate in activities, events, or support
4 of the industry;

5 (III) 220,000 households participate in trail riding, with 87 percent
6 utilizing public lands, and 187,000 households participated in equestrian
7 lessons; moreover, an additional 33 percent of participants who trail ride
8 in Colorado are from out of state;

9 (IV) The equestrian recreational sector supports 16,712 jobs with
10 a total economic contribution of \$1.49 billion to the state economy;

11 (V) The equestrian competition sector supports 6,796 jobs with a
12 total economic contribution of \$589 million to the state economy;

13 (VI) The equestrian racing sector supports 1,612 jobs with a total
14 economic contribution of \$93 million to the state economy;

15 (VII) The equine therapy sector supports 262 jobs with a total
16 economic impact of \$11.3 million; and

17 (VIII) Equine rescue and sanctuaries support 42 jobs with a total
18 economic impact of \$1.9 million;

19 (h) Equestrian activities are vital to Colorado's communities,
20 providing opportunities for outdoor recreation that promote physical
21 health, mental well-being, and the preservation of open spaces;

22 (i) Colorado's growing population has increased the presence of
23 equestrians on roadways and trails, yet riders face significant safety risks
24 due to inadequate infrastructure, lack of designated roadways, and unclear
25 or conflicting regulations;

26 (j) The absence of specific legislative protections and
27 infrastructure for equestrians has led to conflicts with motorized traffic,

1 resulting in accidents, injuries, and fatalities for both riders and drivers;

2 (k) Existing traffic laws and systems fail to address the unique
3 needs of equestrians, including wide-passing zones, safe crossings,
4 properly designated parking, and staging areas for equestrian activities;

5 (l) Public safety and equitable access to recreation are essential to
6 Colorado's commitment to fostering a harmonious environment for all
7 road users, including motorists, pedestrians, cyclists, and equestrians,
8 while protecting diverse outdoor activities; and

9 (m) Enhancing the safety, access, and recognition of the
10 equestrian community supports Colorado's commitment to protecting
11 diverse outdoor activities, responsibly using public lands, and fostering
12 mutual respect among all users.

13 (2) Now, therefore, the general assembly of the state of Colorado
14 declares that it is necessary and in the public interest to enact legislation
15 to:

16 (a) Ensure representation of the equestrian community in
17 transportation, recreational, and land-use planning by establishing
18 equestrian zones;

19 (b) Implement a "pass wide and slow" policy for vehicles
20 approaching or passing equestrians on roadways to enhance safety for
21 riders, drivers, and cyclists;

22 (c) Establish clear standards for equestrian road crossings to
23 provide safe and designated transitions between trails, parks, and public
24 roads;

25 (d) Develop designated equestrian parking zones and trail heads
26 with facilities for horse trailers and safe staging areas; and

27 (e) Promote public awareness to educate drivers, cyclists, and

1 other road users about the safety needs and rights of equestrians.

2 (3) The general assembly further declares that, by enacting this
3 legislation, the state of Colorado will take meaningful steps toward
4 fostering a safer, more inclusive, and sustainable transportation and
5 recreational environment for the equestrian community, while
6 contributing to the preservation and enjoyment of the state's outdoor
7 traditions.
