healthcare affordability and sustainability enterprise (enterprise) to distribute provider stabilization payments to safety net providers who provide services to low-income, uninsured individuals on a sliding-fee schedule or at no cost. Provider stabilization payments will be distributed to eligible safety net providers based on the proportion of low-income, uninsured individuals that an individual provider serves in comparison to the total number of low-income, uninsured individuals served by all eligible safety net providers.

The bill directs the state treasurer to credit interest earnings on the principal in the unclaimed property trust fund to the provider stabilization fund as follows:

- \$25 million for the 2025-26 state fiscal year;
- \$20 million for the 2026-27 state fiscal year; and
- \$15 million for the 2027-28 and subsequent state fiscal years.

The provider stabilization fund also consists of any money the general assembly appropriates, transfers, or credits to the fund and any gifts, grants, or donations the enterprise may receive for the fund. The bill directs the enterprise to leverage money in the provider stabilization fund to obtain federal matching money.

The bill establishes a provider stabilization fund enterprise support board to assist the enterprise in implementing and administering the provider stabilization fund. The enterprise's governing board is required to submit an annual report on the provider stabilization fund to specified committees, the governor, and the medical services board in the department of health care policy and financing.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and determines that:

4 (a) Medicaid, the program administered by the department of
5 health care policy and financing under the name "Health First Colorado",
6 is an essential public health coverage program that pays for health care
7 for more than 1.2 million Coloradans;

8 (b) Medicaid is also a critical component of Colorado's broader
9 health care system, with thousands of health care providers relying on
10 payments from medicaid to help sustain their businesses as they serve

1 Coloradans;

2 (c) Medicaid has a positive impact on Colorado's economy, as
3 evidenced by data from a 2016 report commissioned by the Colorado
4 Health Foundation showing that, after the medicaid program expansion
5 made possible by the federal "Patient Protection and Affordable Care
6 Act" and Senate Bill 13-200, the state's economy experienced an increase
7 in the state gross domestic product, an increase in jobs, an increase in
8 annual household earnings, and an increase in general fund revenues;

9 (d) During the public health emergency caused by the COVID-19
10 pandemic, the federal government allowed all people enrolled in medicaid
11 as of March 2020 to retain their benefits during the period of the public
12 health emergency, which lasted until May 2023;

13 (e) Following the public health emergency, the federal
14 government required the state to conduct eligibility redeterminations for
15 all medicaid enrollees;

16 (f) Before the eligibility redetermination, 1.8 million Coloradans
17 were enrolled in the state's medicaid program, and as of May 2024, the
18 state's medicaid enrollment dropped by over 500,000 to 1.27 million;

19 (g) From spring of 2023 to spring of 2024, Colorado health care
20 providers experienced significant increases in the demand for care from
21 uninsured Coloradans, suggesting that many Coloradans who lost
22 medicaid eligibility became uninsured; and

23 (h) The increased demand for uncompensated care has had
24 destabilizing financial effects on safety net providers, leading to reduced
25 access to care for many Coloradans.

26 (2) The general assembly therefore declares that it is:

27 (a) Enacting the provider stabilization fund as a short-term

1 solution intended to stabilize certain safety net providers; and
2 (b) Committed to:
3 (I) Protecting vital primary care safety net infrastructure in the
4 state;
5 (II) Ensuring Colorado communities can provide access to care for
6 their residents; and
7 (III) Working toward long-term sustainability for Colorado's
8 health-care safety net.
