# **Resolution Summary**

(Note: This summary applies to this resolution as introduced and does not reflect any amendments that may be subsequently adopted. If this resolution passes third reading in the house of introduction, a resolution summary that applies to the reengrossed version of this resolution will be

# available at <a href="http://leg.colorado.gov/">http://leg.colorado.gov/</a>.)

The state constitution allows a veteran who has a service-connected disability rated as a 100% permanent disability to claim a property tax exemption for a portion of the actual value of the veteran's owner-occupied primary residence. The 100% permanent disability requirement can only be changed through a constitutional amendment.

The concurrent resolution submits a constitutional amendment to the voters of the state at the 2024 general election that will, if approved, expand eligibility for the exemption by allowing a veteran who has individual unemployability status, as determined by the U.S. department of veterans affairs, to claim the exemption. In most cases, to have individual unemployability status, a veteran must be unable to keep a steady job because the veteran either has at least one service-connected disability rated at 60% or more disabling or has 2 or more service-connected disabilities with at least one disability rated at 40% or more disabling and a combined rating of 70% or more disabling.

To conform to the existing public policy of the state that "people first language" be used in new or amended legislation that refers to persons with disabilities, the concurrent resolution also changes the existing defined term "disabled veteran" to "veteran with a disability".

Be It Resolved by the House of Representatives of the Seventy-fourth General Assembly of the State of Colorado, the Senate concurring herein:
