**Fiscal Analyst:** Erin Reynolds (303-866-4146)

**BILL TOPIC:** SPRINKLER FITTER REGISTRATION MINIMUM EXPERIENCE REQMNTS

| Fiscal Impact Summary                | FY 2016-2017<br>(current year) | FY 2017-2018 | FY 2018-2019 |
|--------------------------------------|--------------------------------|--------------|--------------|
| <b>State Revenue</b>                 |                                |              |              |
| <b>State Expenditures</b>            | Minimal workload increase.     |              |              |
| <b>Appropriation Required:</b> None. |                                |              |              |
| <b>Future Year Impacts:</b> None.    |                                |              |              |

### Summary of Legislation

The bill reduces the number of practical work experience hours required to become a registered sprinkler fitter with the Division of Fire Prevention and Control in the Department of Public Safety to a level similar to what is required for a journeyman plumber, from 8,000 hours to 6,800 hours.

### State Expenditures

In FY 2016-17, the bill will minimally increase workload in the Division of Fire Prevention and Control in the Department of Public Safety to update its website, rules, and other materials related to sprinkler fitters. This workload can be accomplished within existing appropriations. The division already reviews sprinkler fitter applications for hours worked.

### Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature. It applies to applications for registration received on or after this date.
