Points to Consider

Future Fiscal Impact

Increases in cash fund expenditures require either an increase in fee or assessment revenue or a draw-down of existing reserve balance. Eventually, the cash fund will have to generate revenue on an ongoing basis to sustainably pay for an ongoing expenditure. In a TABOR refund year, cash fund revenue increases require a TABOR refund paid from the General Fund of an equal amount.

Although this bill does not have an immediate General Fund or TABOR impact, it includes one-time cash fund expenditure of \$37,725 for FY 2026-27.
