**Points to Consider**

---

**Dependent on Gifts, Grants, and Donations**

The bill is dependent on gifts, grants, and donations. For implementation, the bill requires a one-time expenditure of \$32,323 before July 1, 2027, depending on the timing of when sufficient gifts, grants, and donations are received. If the necessary revenue from these sources is not realized, the implementation

of this bill is at risk. The Department of Public Health and Environment is not required to complete the study if funds are not available. Additionally, Section 24-75-1305, C.R.S., prohibits the future use of General Fund, or any other source of state funding, to implement a bill that is exclusively funded by gifts, grants, and donations.

Is it the General Assembly's intent to fund this program exclusively through gifts, grants, and donations?
