Bill Outcome: Signed into Law
Drafting number: LLS 25-0957

Version: Final Fiscal Note
Date: July 14, 2025

Fiscal note status: The final fiscal note reflects the enacted bill, which was recommended by the Joint Budget Committee as part of the FY 2025-26 Long Bill budget package.

Summary Information

Overview. The bill removes the requirement that the General Assembly include a five-year appropriation for bills that increase periods of imprisonment in the Department of Corrections.

Types of impacts. The bill is projected to affect the following areas on an ongoing basis:

- State Expenditures

Appropriations. No appropriation is required.

Table 1
State Fiscal Impacts

Type of Impact	Budget Year FY 2025-26	Out Year FY 2026-27
State Revenue	\$0	\$0
State Expenditures	\$0	\$0
Transferred Funds	\$0	\$0
Change in TABOR Refunds	\$0	\$0
Change in State FTE	0.0 FTE	0.0 FTE

Summary of Legislation

From 1994 to 2022, state law required the General Assembly to consider the need to appropriate funds to the Department of Corrections (DOC) to cover increased operating, capital construction, and parole costs for five fiscal years when legislation is estimated to increase periods of imprisonment in state correctional facilities. In 2022, the General Assembly suspended that requirement for three years until July 1, 2025. This bill permanently repeals this requirement.

State Expenditure

The bill does not directly impact state expenditures; total annual appropriations to the DOC are based on the annual prison population forecast and adjusted through the annual budget process. By removing the requirement that the General Assembly appropriate five years of funds for bills that increase incarceration, the bill will shift the timing of appropriations and the change the process for adjusting annual appropriations to the DOC based on the actual prison population. This process will minimally reduce workload for the DOC and Joint Budget Committee Staff, who will no longer be required to adjust annual appropriations to account for five-year appropriations made in prior years. No change in appropriations is required.

The requirement that LCS provide estimates of the long-term fiscal impacts for any bill which may result in a net increase or decrease in periods of imprisonment is not repealed, and workload for LCS—as well as the DOC and the Department of Public Safety, which provide average length of stay data to LCS—remains unchanged.

Effective Date

The bill was signed into law by the Governor on April 25, 2025, and takes effect on August 6, 2025, assuming no referendum petition is filed.
