

Report Highlights

Annual Report: Status of Recommendations Not Fully Implemented as of June 30, 2025

OFFICE OF THE STATE AUDITOR

State of Colorado • Informational Report • November 2025 • 2550S

C O L O R A D O

Conclusion

Over the 5-year period, July 2019 through June 2024, the Office of the State Auditor (OSA) made 1,200 audit recommendations to state agencies and other audited organizations (auditees). Auditees generally agreed with our recommendations and usually implemented them by the original implementation date set by auditees. However, as of June 30, 2025, auditees had not fully implemented 69 of the recommendations that they agreed to (6 percent), and about one-fifth of those recommendations are considered high priority due to their seriousness, or because they have been unimplemented for 3 years or more.

Key Facts

- For Fiscal Years 2020 through 2024 (July 2019 to June 2024), the OSA made a total of 1,200 recommendations to auditees through financial and financial-related information technology (IT) audits, performance and IT performance audits.
- Auditees agreed to implement 98 percent of all audit recommendations made by the OSA.
- Overall, as of June 30, 2025, auditees had implemented 94 percent of the audit recommendations that they agreed to implement.
- The percentage of unimplemented audit recommendations decreased by 2 percentage points since June 30, 2024.
- Of the 69 unimplemented audit recommendations, the OSA has classified 14 of them (20 percent) as high priority due to the seriousness of the problems identified, and/or because they have been unimplemented for 3 years or more.

Background

- The OSA is an independent, nonpartisan Legislative Branch agency, with the mission to improve government for the people of Colorado.
- The OSA tracks the implementation status of all recommendations that it makes through its audits and performance evaluations of state agencies, public universities and colleges, and other political subdivisions and organizations, as required by statute.
- The purpose of this report is to provide transparency to policy makers, the public, and others responsible for holding state agencies and other audited organizations accountable for the recommendations that they have agreed to implement.
- The OSA determines the implementation status of recommendations by reviewing self-reported data from auditees and by conducting follow-up audit work as the OSA deems appropriate.
