**Bill Summary**

*(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)*

The bill allows an institution of higher education (institution) to enter into a fee-for-service contract with the department of higher education (department) for the delivery of an approved educator

preparation program or an alternative teacher program (preparation program) as a specialty program if the preparation program meets the requirements specified in the bill, including strong partnerships with school districts, boards of cooperative services that operate public schools, and charter schools (local education providers); a full-year of classroom residency co-teaching alongside a mentor teacher; and financial support for teacher candidates during the year of classroom residency.

A partnership may include one or more institutions and one or more local education providers. Through a partnership, the institution and local education providers may identify teaching schools to provide clinical practice opportunities, induction programs for program graduates, professional development for mid-career and veteran teachers, and work exchange opportunities for program faculty and teachers employed by the local education providers.

The bill specifies that the full year of classroom residency must ensure that the teacher candidate is mentored by a highly effective veteran teacher who holds a master certificate from the department of education. A preparation program may provide training for mentor teachers, and a mentor teacher who completes the training and at least one year as a mentor teacher may apply to the department of education for a mentor teacher license endorsement. For a school year in which a mentor teacher mentors a teacher candidate, the preparation program and the local education provider must jointly provide a stipend to the mentor teacher of at least \$2,000. A mentor teacher may count service as a mentor teacher as professional development for purposes of renewing the teacher's license and master certificate. The bill provides that, during the year of classroom residency, the preparation program in which a teacher candidate is enrolled must pay the teacher candidate a stipend of at least \$15,000.

The bill creates the classroom residency design grant program (grant program) to provide grants to preparation programs and local education providers that together design a classroom residency program. The preparation program and local education provider must also work with an established teacher residency program in designing the new classroom residency program. The department administers the grant program, and the Colorado commission on higher education (commission) awards the grants.

The bill requires the department to prepare an annual report concerning the opportunities for clinical practice, induction program support, and other professional development provided by preparation programs. The department must submit the report to the commission, the department of education, the state board of education, and the education committees of the general assembly. The department must also post the report on its website.

The bill relocates with nonsubstantive changes the existing collaborative educator preparation grant program and the "Rural Colorado Grow Your Own Educator Act", which provides grants for teaching fellowship programs.

The bill directs the department of education to collaborate with the department of higher education to create a mentor teacher endorsement for teachers who hold master certificates and provide mentoring and oversight for teacher candidates.

8 RATES STRUGGLE TO MAKE LONG-TERM IMPROVEMENT.

9       (d) RESEARCH SUGGESTS THAT AN EFFECTIVE TEACHER  
10 PREPARATION PROGRAM SHOULD INCLUDE OPPORTUNITIES FOR TEACHER  
11 CANDIDATES TO SPEND TIME IN THE CLASSROOM BEGINNING IN THE FIRST  
12 YEAR OF THE PROGRAM AND CONTINUING AND INCREASING THROUGHOUT  
13 THE PROGRAM, CULMINATING IN A FULL YEAR OF CLINICAL PRACTICE

19 THESE MASTER TEACHERS SHOULD RECEIVE TRAINING FOR THE ROLE OF

21 MEANINGFUL COMPENSATION FOR THE TIME SPENT WORKING WITH A  
22 TEACHER CANDIDATE AND SUFFICIENT TIME WITHIN THE DAILY WORK  
23 SCHEDULE TO SPEND WITH THE TEACHER CANDIDATE.

24       (2) THE GENERAL ASSEMBLY FINDS, THEREFORE, THAT IT IS  
25 APPROPRIATE TO DIRECT THE DEPARTMENT OF EDUCATION AND THE  
26 DEPARTMENT OF HIGHER EDUCATION TO COLLABORATE WITH LOCAL  
27 EDUCATION PROVIDERS, APPROVED EDUCATOR PREPARATION PROGRAMS,

1 ALTERNATIVE TEACHER PROGRAMS, AND OTHER INTERESTED PARTIES TO  
2 IDENTIFY BEST PRACTICES IN PROVIDING COMPREHENSIVE, RIGOROUS, AND  
3 EFFECTIVE TEACHER PREPARATION AND GUIDELINES FOR IMPLEMENTING  
4 THESE BEST PRACTICES. THE GENERAL ASSEMBLY FURTHER FINDS THAT IT  
5 IS IN THE BEST INTERESTS OF THE STATE TO ESTABLISH A GRANT PROGRAM  
6 TO PROVIDE FUNDING FOR TRAINING AND REIMBURSEMENTS FOR MENTOR  
7 TEACHERS WHO PROVIDE GUIDANCE AND OVERSIGHT FOR TEACHER  
8 CANDIDATES WHILE THEY PARTICIPATE IN CLINICAL PRACTICE.

23                   **PART 2**

24                   **COLLABORATIVE EDUCATOR PREPARATION**  
25                   **GRANT PROGRAM**

26                  **23-78-201. [Formerly 23-1-120.9 (1)] Legislative declaration.**  
27                  The general assembly finds that, after studying the teacher shortage issue

1       in Colorado, the department of higher education and the department of  
2       education concluded that one strategy for addressing the issue is to  
3       promote collaboration among educator preparation programs, alternative  
4       teacher programs, school districts, boards of cooperative services, and  
5       public schools to facilitate more effective preparation, placement, and  
6       retention of educators. The general assembly finds, therefore, that it is  
7       appropriate to create a grant program to support educator preparation  
8       partnerships involving educator preparation programs, alternative teacher  
9       programs, school districts, boards of cooperative services, and public  
10       schools to provide targeted educator preparation initiatives that improve  
11       the quality and applicability of educator preparation and the intentional  
12       placement of newly trained educators with school districts and public  
13       schools.

14       **23-78-202. [Formerly 23-1-120.9 (2)] Definitions. (2)** As used

22       of cooperative services, or public school.

23       (d) (4) "Public school" means a school that derives its support, in

27       by the state charter school institute pursuant to part 5 of article 30.5 of

1        title 22.

2                (e) (5) "School district" means a school district organized and  
3        existing pursuant to law but does not include a local college district.

9        education providers to prepare educators specifically for employment by  
10      the partnering local education providers. Subject to available  
11      appropriations, the department shall award grants to partnerships of local

14      SUBSECTION (2) of this section.

15                **(2) [Formerly 23-1-120.9 (4)]** Beginning in August of 2018, the  
16      department, working with the rural education coordinator established  
17      pursuant to section 23-76-103, shall convene meetings between local  
18      education providers and educator preparation programs to assist them in  
19      developing joint, targeted educator preparation initiatives to submit for  
20      grant funding. The department may contract with one or more other  
21      entities to assist local education providers and educator preparation  
22      programs in developing initiatives. An educator preparation initiative may  
23      include but need not be limited to the following strategies:

24                **(a) Teacher residency programs developed and operated jointly by**  
25      an educator preparation program and a partnering local education  
26      provider;

15 grant initiatives submitted by partnering educator preparation programs

17 (4) SUBSECTION (2) of this section, and, subject to available  
18 appropriations, award one-time grants to the partnering educator  
19 preparation programs and local education providers. In awarding grants,  
20 the department shall consider the quality of the initiative, the level of  
21 difficulty demonstrated by the local education provider in attracting and  
22 retaining educators, the likelihood that the initiative will assist the local  
23 education provider in attracting and retaining educators to address  
24 particular educator shortages, the likelihood that the initiative will  
25 contribute to better student outcomes, and the provisions included for  
26 continuing the initiative after the grant money is no longer available.

27 (4) [Formerly 23-1-120.9 (6)] (a) Each partnership that receives

1       a grant shall submit a report to the department concerning implementation

19      the grant program in increasing educator quality and educator retention  
20      and in reducing the educator shortage in the state.

21       (5) [Formerly 23-1-120.9 (7)] The general assembly shall  
22      appropriate money for the 2018-19 fiscal year to implement this section.

4 **23-78-301. [Formerly 23-3.9-201] Short title.** The short title of  
5 this part 2 PART 3 is the "Rural Colorado Grow Your Own Educator Act".

6 **23-78-302. [Formerly 23-3.9-202] Legislative declaration.**

7 (1) The general assembly finds that:

8       (a) A shortage in the availability of teachers to fill teaching  
9 positions in rural local education providers is causing a significant  
10 hardship for rural local education providers;

11       (b) The shortage is due, in part, to the high rate of turnover of  
12 teachers entering and leaving the profession. Following graduation and  
13 initial employment, a high percentage of teachers leave the profession  
14 within five years.

15       (c) The shortage in some rural local education providers also  
16 arises because teachers, after teaching in the rural local education  
17 provider for a few years, choose to relocate to a more urban area or to an  
18 area with a lower cost of living;

19       (d) A program through which a rural local education provider and  
20 an institution of higher education enter into an agreement to provide a  
21 teaching fellowship in the rural local education provider for selected  
22 teacher candidates in their final year of an approved educator preparation  
23 program, which leads to employment by the rural local education provider  
24 upon graduation, will help to ensure that teachers are well prepared to  
25 meet the rural local education provider's needs and expectations, have met  
26 specific competencies the rural local education provider identified as  
27 being necessary, and are acclimated into the rural local education provider

1       upon hiring. A teacher who receives this level of specific preparation for  
2       employment with a specific employer is more likely to remain in the  
3       profession and thereby help to reduce the teacher shortage.

4           (e) In selecting teacher candidates to participate in a teaching  
5       fellowship program, a rural local education provider and an institution of  
6       higher education should give preference to applicants who resided within  
7       the area surrounding the rural local education provider before attending  
8       a higher education institution and are seeking the opportunity to return to  
9       the local education provider as a teacher.

16       education provider.

17               (2) At a minimum, each agreement must describe the roles and  
18       expectations of the rural local education provider and the institution of

20               (a) The commitment of the rural local education provider and the  
21       institution of higher education to jointly design an individualized,

5 determining whether the eligible student is well-matched with the rural  
6 local education provider:

7 (II) Joint selection by the rural local education provider and the  
8 institution of higher education of each teaching fellow and any criteria,  
9 in addition to that identified in subsection (2)(a)(I) of this section, that

9                   satisfactory completion of assigned duties, completion of graduation  
10                   requirements, and attainment of an initial teacher license as provided in  
11                   article 60.5 of title 22;

24                   agreement at any time for any reason. The agreement must specify the  
25                   responsibilities of each party if either cancels the agreement, including at  
26                   a minimum the responsibilities owed to a teaching fellow if the agreement  
27                   is cancelled during his or her fellowship year.

19                   the institution's service area. A rural local education provider may seek  
20                   assistance from the department of higher education in identifying an  
21                   appropriate institution of higher education with which to enter into an

6                   necessary to improve the quality of the teaching fellowship program;

10                   local education provider, to the extent the information is available; and

11                   (V) If available, data concerning the performance of teaching  
12                   fellows after they are employed by the rural local education provider.

13                   (b) A rural local education provider and an institution of higher  
14                   education that enter into an agreement shall annually decide whether to  
15                   renew the agreement for the upcoming school year and may modify the  
16                   agreement as appropriate.

17                   (6) An institution of higher education that enters into an  
18                   agreement shall file the finalized agreement, notices of renewal of the  
19                   agreement, any modifications to the agreement, documentation of the  
20                   participating rural local education provider's chronic hiring difficulty and  
21                   financial need, and copies of the annual report with the department of  
22                   higher education.

26       established by the participating institution of higher education, and upon  
27       receipt of repayment the institution shall refund to the department of

1 higher education the amount of the stipend paid as state financial aid.

2 (4) The general assembly shall annually appropriate to the  
3 department of higher education the amount required to implement the  
4 teaching fellowship programs as provided in this part 2 PART 3. Any  
5 unexpended and unencumbered money from an appropriation made for  
6 the purposes of this part 2 PART 3 remains available for expenditure by the  
7 department for the purposes of this part 2 PART 3 in the next fiscal year
