#### **Current Appropriations Clause in Bill**

The bill includes an appropriation clause that appropriates a total of \$250,000 General Fund to the Employment Support and Job Retention Services Cash Fund in the Department of Labor and Employment for FY 2022-23. In addition, the provision reappropriates \$250,000 from the Fund to the Department of Labor and Employment in FY 2022-23. However, the existing clause fails to note the FTE assumptions in the revised fiscal note, which estimate that the Department will require an additional 0.5 FTE

#### **Points to Consider**

#### General Fund Impact

The Joint Budget Committee has proposed a budget package for FY 2022-23 based on the March 2022 Legislative Council Staff revenue forecast. The budget package includes two set-asides:

- \$40.0 million General Fund for bills that create ongoing obligations; and
- \$900.0 million General Fund for bills that create one-time obligations in FY 2022-23.

The \$40.0 million *appropriations* set-aside includes an additional \$6.0 million General Fund to provide a 15.0 percent General Fund reserve for those appropriations. The \$900.0 million *obligations* set-aside does not include an additional amount for a General Fund reserve and, assumes, but does not require, that obligations be addressed through statutory transfers rather than appropriations. Therefore *appropriations* from the \$900.0 million set-aside require an additional 15.0 percent to maintain the statutory General Fund reserve.

This bill creates an ongoing obligation and requires a General Fund appropriation of \$250,000 for FY 2022-23, reducing the \$40.0 million set aside by the same amount.
