(department) to provide individuals in grades 6 through 12 (youth) access to cultural, arts, recreational, or extracurricular activities throughout the state (activities). The department must develop a physical or digital my Colorado card for the youth participating in the pilot program to access the activities covered by the pilot program.

No later than December 30, 2026, the department, after obtaining feedback and recommendations from community-led organizations no later than December 1, 2026, must select a limited number of pilot communities to participate in the pilot program (selected pilot communities). A selected pilot community must appoint a coordination team to support youth participation in the pilot program.

The department must also coordinate with the selected pilot communities and community-led organizations to:

- Identify youth in the selected pilot communities to participate in the pilot program;
- Facilitate access to activities for youth participating in the pilot program; and
- Collect nonidentifying participation data for evaluation and reporting purposes.

The department shall evaluate the pilot program on an annual basis to assess certain components of the pilot program. On or before December 1, 2027, and on or before each December 1 thereafter, the department shall submit a report to certain committees of the general assembly summarizing the results of the department's evaluation, observed outcomes and challenges of the pilot program, and recommendations regarding the continuation or modification of the pilot program.

The pilot program repeals on September 1, 2031, subject to the sunset review process.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) Youth across Colorado face very different levels of
5 opportunities within the communities where they live and learn;

6 (b) Many youth live and learn in areas that would be considered
7 opportunity deserts, which are places where there is limited or no
8 equitable access to cultural, arts, recreational, or extracurricular facilities;

1 (c) This lack of opportunity contributes to mental health
2 challenges, social isolation, neighborhood detachment, academic
3 struggles, and strain on the overall well-being of youth;

4 (d) Colorado is full of opportunities that should be available to all
5 youth, no matter their zip code, affirming that all of Colorado belongs to
6 our youth; and

7 (e) Given the ongoing mental health crisis among youth, it is
8 imperative that Colorado is committed to leveraging all partnerships and
9 places to ensure protective factors and to eliminate the risk factors that
10 keep youth from realizing their full potential.

11 (2) Therefore, the general assembly declares that Colorado should
12 create a pilot program that allows youth to have equitable access to
13 cultural, arts, recreational, and extracurricular facilities, within and
14 beyond the zip codes that they live and learn in.
