1       *Be it enacted by the General Assembly of the State of Colorado:*

2           **SECTION 1. Legislative declaration.** (1) (a) The general  
3       assembly hereby finds and declares that:

4               (I) In 2015, the general assembly passed House Bill 15-1270,  
5       authorizing pathways in technology early college (p-tech) high schools in  
6       Colorado;

7               (II) P-tech schools represent a unique partnership between  
8       industry, community colleges, and K-12 school districts that creates  
9       opportunities for students to receive real-world work experiences while  
10      simultaneously achieving a high school diploma and associate degree;

11              (III) After two years of operation, school districts have learned  
12      lessons that will allow p-tech schools to operate more efficiently and  
13      effectively, but this requires technical changes to p-tech statutes;

14              (IV) First, to accommodate local management and control, p-tech  
15      schools need the flexibility to operate as a stand-alone school or as a  
16      program within a host school; and

17              (V) Second, to facilitate accurate data collection and reporting,  
18      p-tech schools need the ability to report high school graduation rates for  
19      p-tech students in the year in which the students complete minimum high  
20      school graduation requirements.

21              (b) Therefore, the general assembly declares that it is necessary to  
22      make technical improvements to the operation and effectiveness of the  
23      p-tech model through legislation.
