Summary of Legislation

The bill allows all state agency, Public Employees' Retirement Association, and State Board of Equalization rules to continue that were adopted or amended between November 1, 2023, and November 1, 2024, with these exceptions:

- Department of Education rules concerning an "11-day count period";
- a Department of Labor and Employment rule concerning protections for public workers;
- a Department of Public Safety rule concerning the Colorado Wildfire Resilient Homes Grant Program defining "homeowner"; and,
- a Department of Regulatory Agencies rule concerning nursing.

These excepted rules will expire as scheduled in the State Administrative Procedure Act on May 15, 2025, on the grounds that the rules conflict with statute.

State Expenditures

In FY 2025-26, workload in the Department of Education, Department of Labor and Employment, Department of Public Safety, and Department of Regulatory Agencies may minimally increase to adopt new rules that will replace the expiring rules. The extension of rules for all other state agencies and political subdivisions will result in a workload decrease, as these entities will not need to re-adopt rules. No change in appropriations is required.

Effective Date

The bill was signed into law by the Governor and took effect on May 5, 2025.
