15 base rate for standard nonresidential services assumes a weighted average of the rates for four different levels of service. This appropriation also assumes that

108	Department of Public Safety, Division of Criminal Justice, Community Corrections, Correctional Treatment Cash Fund Residential Placements -- This appropriation includes funding for condition-of-probation placements at rates corresponding to those in footnote 107.						
109	Department of Public Safety, Division of Criminal Justice, Community Corrections, Community Corrections Facility Payments -- The amount of the appropriation assumes that the Department will make lower facility payments to programs that have lower costs due to case management staffing shortfalls or security and case management salary shortfalls relative to the staffing and salary model upon which the appropriation is based. Because per diem rates are unchanged for FY 2022-23, these appropriations further assume that salary and staffing levels deemed adequate for FY 2021-22 will be deemed adequate for FY 2022-23 and that community corrections facilities with an average of 32 or more security FTE will receive a second facility payment.
