Summary of Legislation

By December 15, 2025, the bill requires the Department of Public Health and Environment (CDPHE) and the Department of Health Care Policy and Financing (HCPF) to issue guidance to health care providers and facilities that are ineligible for federal Medicaid funding under new federal budget laws. The guidance must explain how providers and facilities can prioritize the continuity of care for disproportionately impacted communities, including communities of color, rural communities, and low-income populations. Health care providers and facilities are encouraged to follow the guidance.

State Expenditures

Workload for CDPHE and HCPF will minimally increase to create and issue guidance for providers and facilities in FY 2025-26. This workload can be accomplished within existing resources.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
