

aftercare card.

BOWLER
ESTHETICS

1. For 1 hr post appointment, blot brows with a clean tissue to remove lymph. If the oozing dries on your brows, it'll create massive scabs. We want to minimize the scabbing.

2. Wash brows within 4 hrs after leaving appointment with the aftercare soap I provided you.

A. Wash hands

B. Dispense 2 pumps of foam soap onto fingertips

C. Gently cleanse brows in the direction of hair growth. It's a **LIGHT** swipe, just to help remove excess oil, oozing etc.

D. RINSE THOROUGHLY.

Cup your hands with water and rinse to make sure all soap is removed.

E. Pat dry with clean towel

F. Apply balm (rice grain size amount will cover both brows).

3. Wash morning and night for 10 days

4. Apply balm morning noon and night for 10 days (rice grain amount will cover both brows).

5. DO NOT get them wet other than gently cleansing brows **OUTSIDE** of shower. This includes shower, sweating, sauna, hot tub, ETC.

6. No direct sunlight for 2 weeks

7. NO MAKEUP. LOTION. FACE WASH. SERUMS. SHAMPOO. CONDITIONER Etc can touch brows for two weeks.

8. NO picking or scratching at scabs. DO NOT sleep on face! After that, avoid all products on them that include active ingredients (acne or anti aging products)

enjoy your beautiful brows!!

www.bowleresthetics.com

what to expect?

DAY 1

aww, thank you!
i love them so much!

DAY 8-10

my brows are so light
now, but they said it's
NORMAL

DAY 2-4

what??!
why are they so dark?

DAY 14-28

i'll schedule my touch
up. oh! the color is back!

DAY 4-7

they're scabbing and
itchy but i won't pick.

TOUCH UP!

i'm obsessed!
good thing i trust the
process
