

**Montana State University**  
**2025 Athletic Master Plan**

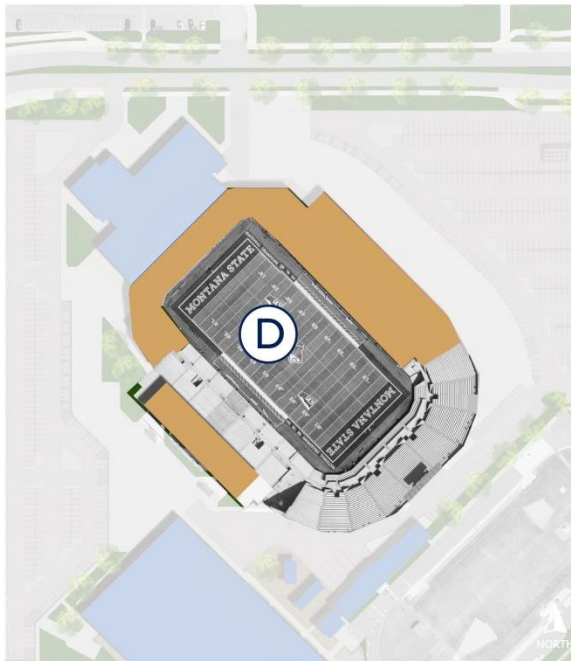

# Bobcat Stadium

2025 MSU Athletic Master Plan

## Project Narrative

Bobcat Stadium will see major upgrades, starting with a main entrance that connects to the broader campus and creates a welcoming gateway for fans. The refreshed east bleachers will feature modern suites, a banquet space, updated concessions and restrooms, a fan shop, and exclusive lounges. Additional seating on the northwest, northeast, and southwest sides will complete the bowl. Other improvements include a lively beer garden and a connected concourse. These enhancements will boost comfort, amenities, and the overall game day experience.
