*elite*CLEAR CARTRIDGE FILTERS
Trusted by **POOL PROFESSIONALS**

DELIVER OPTIMAL SPARKLING CLEAR WATER

The eliteCLEAR Cartridge Filter combines durability, efficiency and ease of use. Built with high-strength, UV-resistant materials, its compact design fits tight spaces while advanced filtration captures more dirt for crystal-clear water. Maintenance is simple and requires no backwashing, just a quick hose rinse to save on water, chemicals and time while keeping your pool healthy all year-round.

Easy-grip lid handle
for effortless maintenance

Large one-piece cartridge element
greater filtration surface for trapping more dirt and debris, reducing cleaning needs and eliminating backwashing, saving water and chemicals

Locking ring with quick-release latch
quick and easy access for maintenance

High flow, single element
cartridge filter for sparkling clear water

Large water drain
enables easy cleaning and maintenance

Easy cleaning
just rinse with a garden hose

Indicative pressure gauge
shows when servicing is needed

Sparkling Water
superior filtration down to 15 microns

madimack

TECHNICAL PARAMETERS

Air relief valve

Smart indicative pressure gauge

Easy grip handle

Weatherproof cylindrical rounded top

Cartridge filter element

Locking ring with quick-release latch

40/50mm connection

UV resistant plastic tank
Max operating pressure 50 psi
Max temperature 40°C (104°F)

40/50mm connection

Large 1.5" water drain
