

Rainhead with FIXED Receiver

Rainhead + Top Trim (sold separately) installed

R300 std

The R300 comes with a *FIXED* 300mm receiver designed to be installed directly to 300mm box gutters or Dambusters range of side outlets (L shaped or T shaped), without the need to cut and install the adjustable receiver on the Flat back versions.

Simply slide them on and complete the installation.

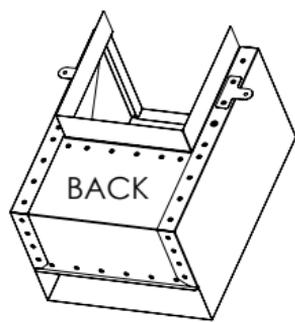

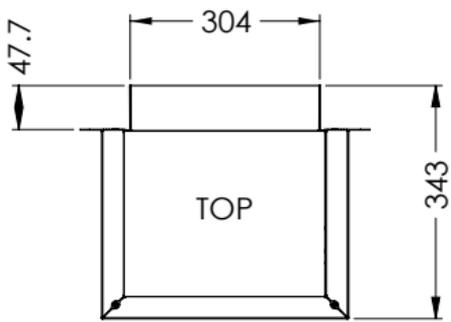

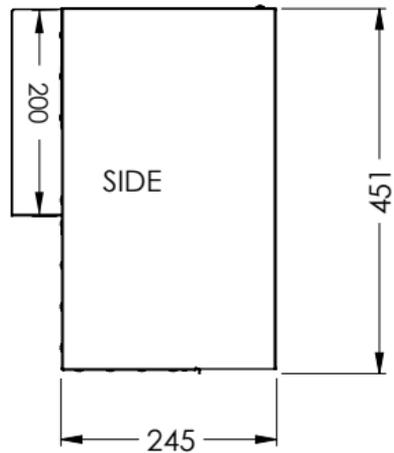

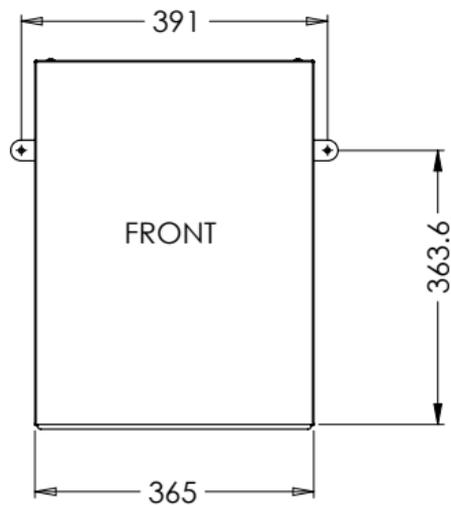

N.B the Top Trim/Beading is Sold Separately.

The units also come with fixing tabs installed to ensure compliancy when Installing them to the structure.

If at all unsure of just which sized unit you need, or would like a lot more technical data etc, there are detailed information charts and calculators, and also installation instructions available for download on the Dambuster website below.
