

## Stop/Turn/Tail Lamps – Trailer Modules

TECHSPAN® Trailer Module Assemblies are made of durable steel construction that is powder coated to resist road contaminants. Module dimensions: 12¾" L x 7¾" W x 2½" D. Modules are grey, fit two tail lamps and are for 12 volt applications. Call Techspan if you require Trailer Module Assemblies with 3 tail lamps, assemblies with other round lamp configurations (i.e. other diode count) and assemblies with different colour combinations. Trailer Module Housing Assemblies are available with either Sealed LED Lamps or Sealed Incandescent Lamps
