

Stop/Turn/Tail Lamps – Tow Light Kits

TOW LIGHT KIT WITH 4" ROUND LED SEALED TAIL LAMPS (12-DIODES) *NEW

TECHSPAN'S LED Sealed Tow Light Kit features long life LEDs that draw low amperage. The housings that surround each lamp are manufactured with synthetic resins that have the feel and shock absorbing characteristics of rubber. Each lamp assembly contains a 3"x3" magnet attached to it (magnet features a scratch resistant covering). The cable on this kit is 30 feet long and has a 4-Pole Trailer Connector with Cable Protector attached to it. Hardware is plated to provide resistance to corrosion. 12 Volt applications. Tow Lights are supplied in Kits for quick and easy installation.
