

Loom & Tubing

Spiral Wrap (Heavy-Duty)

- Provides safe protection for cables, hoses, tubing
- Protect against abrasion, chafing and cuts and also helps prevent tangling
- Made of frost and heat resistant HDPE (Heavy-Duty Polyethylene)
- This polyethylene is extruded, giving its final form smooth, rounded edges
- Temperature range:
 -50°C to 80°C (-58°F to 176°F)
- Made with Anti-Static and UV Protection additives

- Tolerates acids, oils and solvents
- For bundling purposes, Heavy-Duty Spiral Wrap can be expanded to three times its ID.
- Withdraws during storage and transportation, as it will return to its original size when installed (good memory)
- Larger diameter sizes available
- Also available in other colours (Blue, Green, Orange, Red, White, Yellow)

Easy to work with!
