

## Lighting & Safety Equipment

### Mini LED Beacons (Rechargeable)

- 24 x 1W Diodes
- Aluminum Base
- Clear Polycarbonate Lens
- Dimensions: 3.46" H x 5.91" Dia.
- 10 User-Selectable Flash Patterns
- SAE J845 Class 1 (On applicable colours & flash patterns)
- IP66
- 4 Hours of charge time gives 4-8 hours of use
- Ultra strong magnet
- Includes a wall & car charger (with USB-C adapter) and Remote Control

| Colour  | Part#   |
|---------|---------|
| ● Amber | *745017 |

Includes a wall & car charger (with USB-C adapter) and Remote Control

### Portable Compact-Sized LED Beacons (Rechargeable)

These powerful, yet portable beacons are designed for reliable performance in demanding environments. Built with 8 high-intensity 5W LEDs and offering four user-selectable flash patterns, it delivers exceptional visibility when it matters most. Its USB-C rechargeable design provides up to 5 hours of continuous operation with 2 hours of charge time, while the rugged polycarbonate UV-resistant lens and durable aluminum base ensure long-lasting durability. Engineered for tough conditions, these compact-sized beacons offer IP65 water ingress protection and has an operating temperature range of -20°C to 50°C. A trusted choice for professional and portable safety applications.

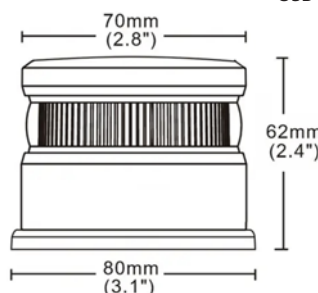

- DC 5V
- IP65
- Strong Magnetic Base
- Clear Polycarbonate Lens
- Dimensions: 2.4" H x 2.8" Dia (Base: 3.1" Dia.)
- Four User-Selectable Flash Patterns: Rotation, SOS, Steady-On, High Intensity rotating flash\*
- Polymer Lithium-Ion Battery
- Includes USB-C charging cable

| Diodes           | SAE Conformity                     | Part#   |
|------------------|------------------------------------|---------|
| ● Amber (8 x 5W) | SAE J845 Class 1, SAE J845 Class 2 | *745018 |
| ● Green (8 x 3W) | SAE J845 Class 3                   | *745019 |

\* SAE Class 1 on applicable flash patterns

Includes USB-C cable
