

## Relay & Pigtail Combination Sets

### 5-Terminal Relay & Pigtail Sets (Metal Bracket)

5 x 1/4" Terminals

These relay/pigtail sets come with a detachable metal bracket.

| Voltage (DC) | Form 'C' | Amperage      |                 | Suppressor Type | Bracket | Sealed | Consists of:                       | 1 SET/PK | 10 SETS/PK |
|--------------|----------|---------------|-----------------|-----------------|---------|--------|------------------------------------|----------|------------|
|              |          | Normally Open | Normally Closed |                 |         |        |                                    |          |            |
| 12           | SPDT     | 40A           | 30A             | None            | ✓       |        | 765995 (Relay)<br>764410 (Pigtail) | 764408   | *764408B   |
| 12           | SPDT     | 40A           | 30A             | Resistor        | ✓       |        | 765996 (Relay)<br>764410 (Pigtail) | 764409   | *764409B   |

### 5-Terminal Weather-Resistant Relay & Pigtail Sets

These Relay & Pigtail combination sets provide a formidable solution for applications where protection against dirt, dust and moisture are required. In addition to the weather-resistant relay and weather-resistant pigtail, these sets come with a detachable metal bracket.

5 x 1/4" Terminals

| Voltage (DC) | Form 'C' | Amperage      |                 | Suppressor Type | Bracket | Sealed | Consists of:                         | 1 SET/PK | 10 SETS/PK |
|--------------|----------|---------------|-----------------|-----------------|---------|--------|--------------------------------------|----------|------------|
|              |          | Normally Open | Normally Closed |                 |         |        |                                      |          |            |
| 12VDC        | SPDT     | 40A           | 30A             | Resistor        | ✓       |        | *765979 (Relay)<br>*764419 (Pigtail) | *764403  | *764403B   |
