

PRODUCT NOTICE

Vinyl Coated Steel Clamps

The hole diameter of our 5/8" Vinyl Coated Steel Clamps are misrepresented in our catalogue. Although they are shown as 3/8" (0.404") & 10.25mm, they are actually 11/32" (0.343") & 8.71mm. These clamps have had the latter specs for years. Product labels are misrepresented as well. If you require correct labels, please reach out to lyndsay.moir@techspan.ca

Incorrect Catalogue Listing

Metal Width: 5/8" (15.9mm); Hole Diameter: ~~3/8"~~

ID Size	Actual Mounting Hole Diameter	Metal Thickness	10 PCS/PK	100 PCS/PK
1/4" (6.4mm)	.404" (10.25mm)	0.8mm	766058	766058C
3/8" (9.5mm)	.404" (10.25mm)	0.8mm	766074	766074C
