Blade Fuse Holders – Waterproof

We are making changes and additions to our offering of Waterproof Blade Fuse Holders. The change is that we are transitioning the colour of the wire of our existing Part# **664123**, **764123** from a red wire to orange. No other specification or product detail has been changed.

The addition is a 10GA option that will allow for use with Standard Blade Fuses up to 40A. Details are found below.
