### Movement

**Note:** The quartz movement will keep your clock running accurately. Replace the battery if the clock does not operate or steadily loses time.

### Mounting

Mount your clock on a wall using the two integrated hanging holes on the back of your clock.

### Tray, Shelf, and Hooks

The top shelf provides a convenient spot for everyday essentials like phones, glasses, or wallets. The lower metal mesh tray is great for storing mail, small accessories, or other grab-and-go items. Use the included S hooks to hang keys, lanyards, or lightweight bags for added organization.

## CARE & MAINTENANCE

When batteries of different brand or type are used together, or new and old batteries are used together, some batteries may be over-discharged due to a difference of voltage or capacity. This can result in venting, leakage, and rupture and may cause personal injury.

- Always purchase the correct size and grade of battery most suitable for the intended use.
- Do Not Mix Old and New Batteries.
- Do Not Mix Alkaline, Standard, or Rechargeable Batteries.
- Clean the battery contacts and also those of the device prior to battery installation.
- Ensure the battery is installed correctly with regard to polarity (+ and -).
- Remove the battery from product during periods of non-use. Battery leakage can cause corrosion and damage to this product.
- Remove a used battery promptly.
- For recycling and disposal of the battery, and to protect the environment, please check the internet or your local phone directory for local recycling centers and/or follow local government regulations.
