# 10-INCH ATOMIC WALL CLOCK

Model: 404-3826

## Power Up

1. Select Time Zone and DST settings.
2. Insert one AA Battery into the Battery Compartment.
3. The hands will move to the 12 o'clock position and search for the WWVB Atomic Time Signal for up to 8 minutes. The clock will continue to search for the WWVB Atomic Time Signal. Allow up to 5 nights for the clock to receive this transmission.
4. For the best reception, place the clock on an exterior wall or near a window with the front or back facing Fort Collins, CO.

Watch the setup video: [bit.ly/wallclock\\_setup](https://bit.ly/wallclock_setup)

**Note:** In certain areas, this clock may not be able to receive the WWVB reception due to signal strength or interference. In this case, your clock can be set manually until the Atomic Time Signal can be received.

For information about WWVB, Atomic Time Signal visit:

[bit.ly/atomic\\_time](https://bit.ly/atomic_time)

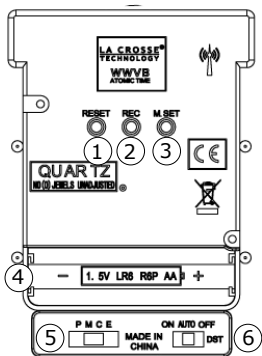

## Mounting

Use the integrated Hanging Hole on the back to mount the clock indoors on a wall.

## Manual Set Time

- Press and hold **M.SET** to move hands quickly to set the time.
- Press and release **M.SET** to move hands forward step by step.

**Note:** The Atomic Time Signal will override your manual setting if the transmission is received in the future.

- ① RESET
- ② REC (Atomic search)
- ③ M.SET
- ④ Battery Compartment
- ⑤ Time Zone Selector
- ⑥ Daylight Saving Time Selector
  - ON: DST All Year
  - AUTO: Changes Spring and Fall
  - OFF: Standard Time All Year

## Reset Button

- If the clock does not respond when trying to manually set your time, press the **RESET** button one time.
- The hands will move to the 12 o'clock position and begin searching for the WWVB Signal again.

## Specifications

## Care and Maintenance

When batteries of different brand or type are used together, or new and old batteries are used together, some batteries may be over-discharged due to a difference of voltage or capacity. This can result in venting, leakage, and rupture and may cause personal injury.

- Do Not Mix Old and New Batteries.
- Do Not Mix Alkaline, Standard, or Rechargeable Batteries.
- Always purchase the correct size and grade of battery most suitable for the intended use.
- Clean the battery contacts and also those of the device prior to battery installation.
- Ensure the batteries are installed correctly with regard to polarity (+ and -).
- Remove batteries from product during periods of non-use. Battery leakage can cause corrosion and damage to this product.
- Remove used batteries promptly.
- For recycling and disposal of batteries, and to protect the environment, please check the internet or your local phone directory for local recycling centers and/or follow local government regulations.
