

La Crosse®

Sauna Thermometer and Hygrometer - Wood

Model: 914-620

Setup and Use

- Use the integrated hanging hole to securely mount the thermometer on a sauna wall, positioned away from the primary heat source for the most accurate readings.
- Allow 24 hours for the instrument to naturally acclimate to the sauna environment.
- The Thermometer and Hygrometer are fully mechanical, self-adjusting, and require no batteries to operate.
