

HUSKIE PRESSES ARE HEADS ABOVE THE REST

60-TON COMPRESSION HEAD PRESS

The HUSKIE TOOLS EP-60SA is a tough, versatile, single acting 60-ton press designed to compress sleeves and lugs on ACSR and ACAR transmission and distribution cable.

This press is designed for a wide range of applications including substation construction.

The EP-60SA is operable from any 10,000-psi pumping source with proper oil capacity.

The oblong lifting ring makes lifting and maneuvering straightforward & easy.

The EP-60SA accepts all shell-type dies for 60-ton presses.

HUSKIETOOLS.COM

The Huskie EP-60SA press features an improved cylinder design that increases the cycle life by 30%, while **REDUCING THE WEIGHT BY 5 LBS** over the standard version press.
