

FOLDING POLE SAW WITH UNIVERSAL FERRULE

Blade Cover: Shields edge when not in use for added safety.

ANSI Z133 Compliant: Meets stringent safety standards for sheathed blades used at height.

Gear Protection: Prevents damage to ropes and harnesses.

Lightweight: Just 1.6 lbs—easier to handle than leather-scabbard saws.

Universal Ferrule: Connects to Hotsticks & Jameson ferrules.

Secure Lock: Locks blade in open and closed positions.

High Visibility: Bright yellow finish for easy spotting.
