

## Strapped, Secure and Stable.

Secure and stabilize your ladder in seconds on poles and trees with the Jameson Ladder Straps.

- Wrap-around straps secure ladders to utility poles or trees, reducing slip, sway, and kick-out. Rated for up to 350 lb per strap.
- Fast, tool-free setup with adjustable buckles for a tight, customized fit on various ladder sizes.
- Made of durable polyester, straps are lighter, resist mold and stretch less than other materials.
- Includes heavy duty, weather resistant metal hardware.
- Available in two lengths for top and bottom ladder use.
