CHECK GOODS THOROUGHLY BEFORE INSTALLATION

Installation of received goods that are damaged, warped or faulty will void warranty. Ensure all items meet your plumbing requirements.

Gloss White

Matte White

Matte Black

PLEASE LEAVE THIS GUIDE WITH THE OWNER

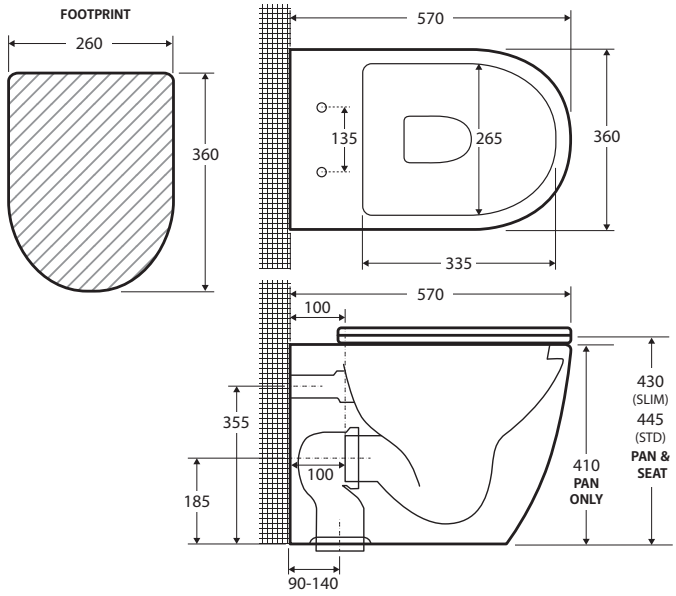

All installations should be carried out by a qualified tradesman in compliance with the National Plumbing & Drainage Code and any State or Local Authority Regulations, in accordance with AS/NZS 3500 series of standards and AS/NZA 6400. All measurements are in millimetres and are subject to change without notice. For ceramic products, please allow +/- 10 mm tolerance for manufacturing variance. Please refer to fienza.com.au for the latest product specification.

Cistern Installation

Please consult the installation guide supplied with your chosen in-wall cistern to install this toilet suite.

The technical drawings opposite provide relevant dimensions for installation.

IMPORTANT:
When marking inlet positions, please note that dimensions provided are from finished floor and wall levels (e.g. finished tile surfaces).

S-Trap Installation

1. The S-pipe should be put into position and cut to suit your set out, then attached to the wall using the supplied threaded fitting.
   This clips to the back of the pipe and has a mounting plate which can be attached to the wall using screws (not included).
2. Push the pan hard into position to ensure the ceramic outlet is pushed into the S-pipe until a secure fitting is reached.

PLEASE DO NOT SILICONE PAN TO FLOOR UNTIL TOILET HAS BEEN CHECKED FOR LEAKS.

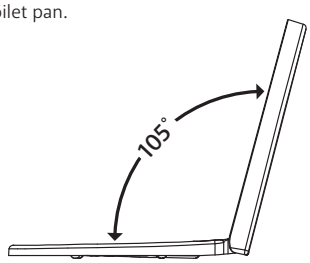

Parts List

Item Code	Description
K002376-PT2	Pan – Gloss White
K002376MW-PT2	Pan – Matte White
K002376MB-PT2	Pan – Matte Black
UF1002	Standard Seat – Gloss White
UF1002MW	Standard Seat – Matte White
UF5018	Slim Seat – Gloss White
UF5018MB	Slim Seat – Matte Black
X022G	FlexiCore S-Trap Connector Pipe
200150	Pan Fixing Kit (Screws, Brackets, etc.)

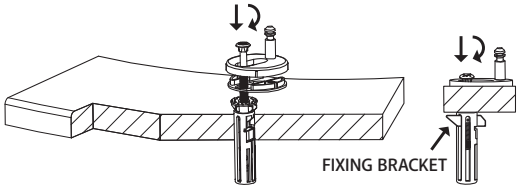

All installations should be carried out by a qualified tradesman in compliance with the National Plumbing & Drainage Code and any State or Local Authority Regulations, in accordance with AS/NZS 3500 series of standards and AS/NZA 6400. All measurements are in millimetres and are subject to change without notice. For ceramic products, please allow +/- 10 mm tolerance for manufacturing variance. Please refer to fienza.com.au for the latest product specification.

Seat Installation

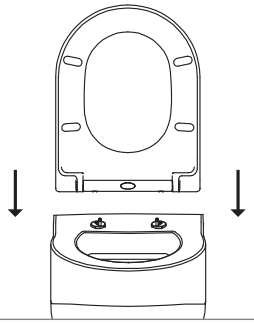

1. Take care not to open the lid past 105° before it is fixed to the toilet pan.

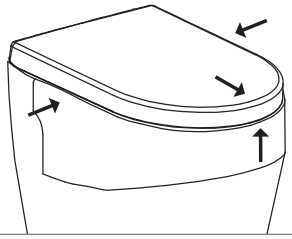

2. Remove the screw from the hinge plug, taking care to keep the brass nut inside the plug. Arrange the components as shown in the diagram. Screw into place. The fixing bracket in the plug will automatically move into the horizontal position for a secure fit.

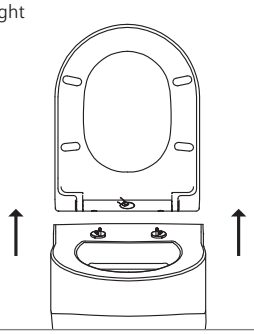

3. Push toilet seat onto fixings.

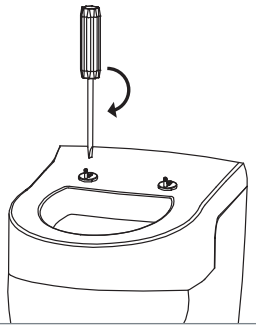

4. Adjust to fit ceramic well.

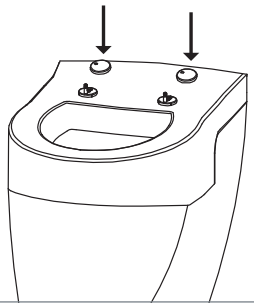

5. Push button and lift seat straight up to remove.

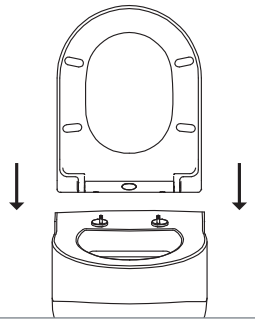

6. Tighten the screws.

7. Fix hinge covers over hinges.

8. Replace the seat.

All installations should be carried out by a qualified tradesman in compliance with the National Plumbing & Drainage Code and any State or Local Authority Regulations, in accordance with AS/NZS 3500 series of standards and AS/NZA 6400. All measurements are in millimetres and are subject to change without notice. For ceramic products, please allow +/- 10 mm tolerance for manufacturing variance. Please refer to fienza.com.au for the latest product specification.

Australian Consumer Law

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Fienza Pty Ltd reserves the right to make changes in product characteristics, packaging or availability at any time without notice. Please visit www.fienza.com.au for the latest information.

Warranty Conditions

- Installation has been carried out by a licensed plumber in accordance with the plumbing code of Australia.
- All maintenance and adjustments to the product after the installation have been carried out by a licensed plumber.
- No additives have been introduced into the cistern tank.
- Only mild household detergents and soft (non-abrasive) cloth has been used to clean the product.
- All goods of substandard quality manufacture (excluding imperfections permitted within AS1976 - Vitreous China used in Sanitary Applications) will be credited or replaced by Fienza when advised within the warranty period, subject to prior inspection and agreement.
- Proof of purchase is required for warranty claims.

Warranty Limitations

To the extent permitted under the Trade Practices Act and other relevant legislation, Fienza's liability is limited to:

- The cost of replacing the goods, or
- The cost of obtaining equivalent goods, or
- The cost of having the goods repaired.
- Fienza is not responsible for any lack of operation or performance of goods (or any loss or damage) where goods are used or adapted for use with other goods not supplied by Fienza.
- It is the responsibility of the customer and installer before installation to ensure that all components are correct and free of obvious visible faults.
- Fienza is not responsible for the labour and rectification costs incurred in the above circumstance.

Conditions for On-Site Warranty Service Calls

Fienza will charge a service fee for each visit to an installation by its technician where it is determined that the fault is due to poorly executed or unlicensed installation work or where the product is not a genuine Fienza product or where the product is outside the warranty period. This may be paid in advance by credit card over the phone to a Fienza technician attending the site and will be refunded if the Fienza product is found to be at fault.
