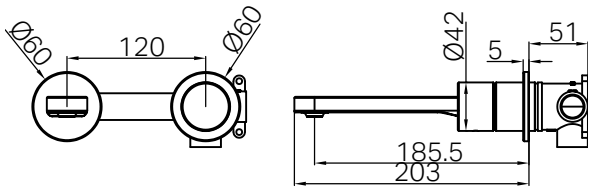
Features

- Premium SS316L Stainless Steel – Exceptional durability and corrosion resistance.
- Separate Packaging – Body and Trim Kits are packed separately for convenience.
- Progressive Cartridge – Smooth and precise water flow and temperature control.
- Neoperl Aerator – Provides smooth, splash-free water flow.
- Reliable & Long-Lasting – Built for high performance in wet environments.
- Includes an additional non-restricting aerator for bath use.



Maintenance And Care

- Regularly check the mixer and connections for signs of wear or leaks.
- Clean the tap with mild soapy water to maintain its appearance, avoiding harsh chemicals and abrasive materials that may damage the finish.

- Dimensions are nominal measurements only.
