Replacement Filter Cartridge to Suit Ludlow Purifier Mixer

Specifications

• Filtration system reduces chlorine, odours and limescale for cleaner, better-tasting water.
• Premium carbon filter provides high-performance filtration and is simple to replace.
• Advanced 1-micron filtration, reducing chlorine, odours and fine particles for noticeably cleaner, better-tasting water, without compromising on design.
• Max flow Rate: 1.9LPM
• Water Temp: 5-35°C
• Water Pressure: 200-600KPA
• Filter Life: 12 months. Dependent on water quality and usage.
• The filter is made in the USA.
