WARNING - TO REDUCE THE RISK OF FIRE OR INJURY:

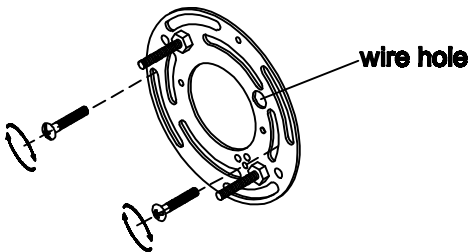

- 1. If you are unfamiliar with electrical wiring, call a qualified electrician to install this unit. More than one person may be necessary to install fixture, make sure you have enough qualified help.**
- 2. Turn off the power to the fixture's circuit at the service panel. Use a voltage detector to verify that the power is off.**

Fixture Assembly

1

Step 1. Attach the crossbar to junction box using 2 supplied M4 screws.

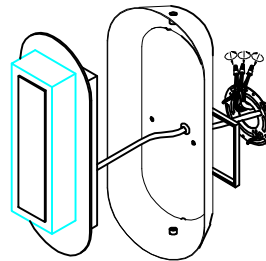

*** Make sure the wire hole located on the right side.**

2

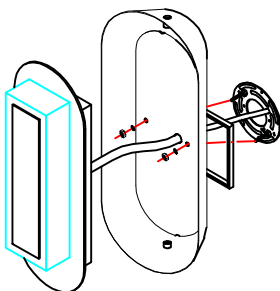

Step 2. Fit the power cord from fixture through the wire hole on crossbar, then connect the wires to the wires from junction box with wire connectors.

*** Make sure the gasket is attached to the back plate.**

3

Step 3. Attach the outer frame over the crossbar and secure it with 2 nuts.

4

Step 4. Fit the light cluster into the outer frame and secure it with 2 supplier screws on top and at bottom.
