

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

**WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER PRIOR TO INSTALLING OR SERVICING THIS FIXTURE.**

**NOTE: Before installing, consult local electrical codes for wiring and grounding requirements.**

## Installation Steps

- Carefully unpack your new fixture and lay out all the parts on a clean surface. Take care not to lose any parts necessary for installation.
- Firmly pull open fixture for installation.
- Make wire connections: Attach ground wire to building ground wire using a wire nut.
  - FOR DIMMING:** If using a dimmer (not included), follow wiring instructions enclosed with dimmer. Double check wiring. Tuck the wire connections neatly into the junction box.

This list of dimmers does not imply any guarantee or warranty of compatibility with a particular application. The lack of dimmers on this list does not imply it is not compatible with our drivers.

Due to the high degree of variability when dimming, all applications should be evaluated prior to installation to ensure it meets expectations.

Some Suggested Dimmers

| 0-10V             |                            | ELV(Reverse phase) |                   |
|-------------------|----------------------------|--------------------|-------------------|
| Leviton           | a-2000                     | Leviton            | Surslide 6615-POW |
| Leviton           | IP710                      | Lutron             | Skylark SELV-300P |
| Leviton           | Renior II(W/0-10v setting) | Lutron             | Diva DVELV-300P   |
| Lutron            | Diva DDTV                  | Lutron             | Maestro MAELV-600 |
| Lutron            | Nova NFTV                  | Lutron             | Nova NTELV-600    |
| Douglas Lighting  | WPN-5821/5822              | Lutron             | Vierti VTELV-600  |
| Hunt Dimming      | PS-LED-010-120V            |                    |                   |
| Hunt Dimming      | PS-LED-010-3W-120V         |                    |                   |
| Hunt Dimming      | PS-LED-010-277V            |                    |                   |
| Hunt Dimming      | PS-LED-010-3W-277V         |                    |                   |
| Wattstopper, Inc. | ADF-120277                 |                    |                   |

- FOR NON-DIMMING:** If not using a dimming switch, with wire nuts, cap off purple and gray wires individually. Wire positive wire with positive wire, negative wire with negative wire. Double check wiring.

- Tuck the connections and driver neatly into the junction box before installing mounting plate. Line up the mounting plate holes to the j-box and install j-box screws. Fixture should be secure and not move.
- Close fixture.
- Turn power back on at fuse or circuit box.
