PACKAGE CONTENTS

- 1x High-Rise Waterer with
- 1x Anti-Roost Cone

- 1x Rain Hood

- 2x S-Hooks

- 2x Mounting Screws

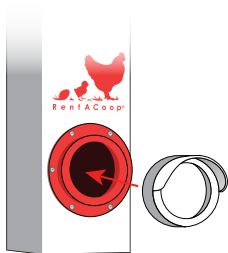

- 1x Mounting Kit

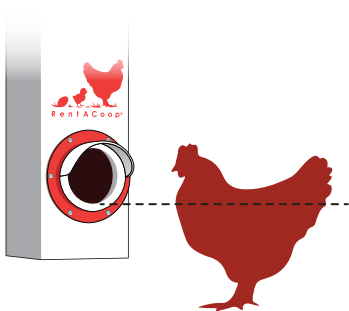

The position of the feeder depends on the height of your animal. **We do not provide an exact measurement as all animal sizes vary. Please use your best judgement when installing.**

INSTRUCTIONS

1. Attach rainhood to port feeder. The rainhood will fit snug inside the red feed-port.

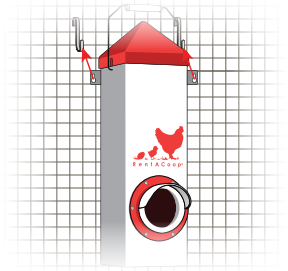

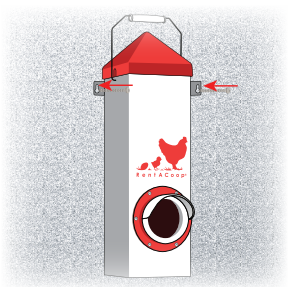

2. Determine the height of the feeder. The bottom of the feed port should be shoulder height of your smallest poultry.

4

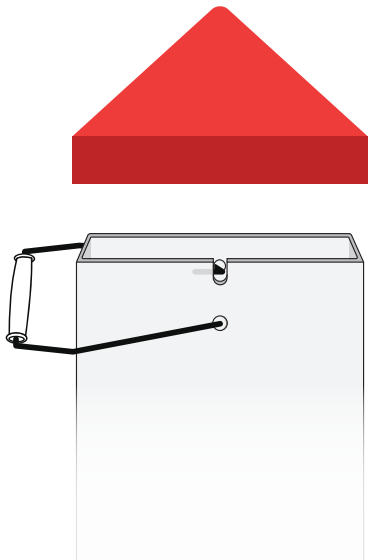

3. Mount the feeder onto a solid wall using the provided (2) mounting screws or hang in broader using the provided (2) S-Hooks.

For safety, this product is meant to be mounted. Please refer to instructions in the mounting kit (included) for mounting options.

5

4. Fill the feeder with dry feed, scratch, crumbles, pellets, and/or grains.
5. Replace the anti-roast lid so that the indent located on the side of the feeder is covered.

TRAINING

Remove the old feeding source and place the new port feeder in the same location. Pour feed into the port so that the feed is visible to the chickens. You only have to do this step once.

MAINTENANCE

NOTE: To prolong the life of your drinker, we recommend washing the entire drinker at least once a week.

The bottle and lid are dishwasher-safe, top rack only. Disassemble drinker before cleaning.
