

CELEBRATING 30 YEARS OF MOBILE POWER

NEW FOR 2026

Meet the next generation of solar with ShadeTech panels; now featuring a sleek new low-profile frame and advanced M12 18 bus bar cell technology.

NEW

SHADETECH™ SOLAR PANELS

UNSTOPPABLE PERFORMANCE

Harness the sun's energy even when clouds or shade try to ruin the day.

MAXIMUM POWER, MINIMUM SPACE

High-efficiency M12 18 bus bar monocrystalline cells deliver more watts per square foot.

ADVENTURE-READY DURABILITY

Engineered for camping, marine voyages, and off-grid escapes with a sleek, lightweight frame that's built to last.

SOLAR PANEL KIT UPGRADES

Included in all 200-watt aftermarket kits, including Overlander, Overlander-E, Weekender, Elite, Extreme, and all PowerTrak kits.

DECADES OF DRIVE. POWERED BY PASSION.

Since 1996, Go Power! has led the charge in mobile power, delivering millions of solar panels and powering adventures across North America. Now part of Dometic, we continue to provide trusted solar, battery, and inverter solutions to top manufacturers across North America. Engineered for durability and performance, our systems are tested, supported, and backed by industry-leading warranties. As we celebrate 30 years of powering possibility, we're just getting started....

NEW MOBILE POWER PRODUCTS

ADVANCED INVERTER CHARGER (AIC)

Smaller, lighter, more advanced, and easier to install. An inverter, converter and transfer switch in a sleek package. Half the weight of other Inverter/Chargers, the AIC line installs faster using quick-connect ports.

- Lithium-Ready & Supports multi-stage charging
- PowerTrak & RVC Compatible
- UL certified
- 3-year warranty

Available in three sizes:

- 2000-watt (single leg) with 30A transfer switch and 100A charger
- 3000-watt (single leg) with 30A transfer switch and 150A charger
- 3000-watt (dual leg, stackable) with 50A transfer switch and 150A charger

ADVANCED SINE WAVE INVERTER (ASW) with built-in transfer switch

The ASW Series offers pure sine wave power with a built-in 30A transfer switch. Compact and lightweight, it ensures seamless shore-to-battery power switching.

- Pure sine wave inverter with 30A transfer switch
- Sizes: 1200W, 1800W, 3000W
- Hardwire capable
- PowerTrak™ and RV-C compatible
- Seamless shore-to-battery switching
- UL certified
- 2-year warranty

MPPT PLUS SOLAR CONTROLLERS (DB-MPPT)

The new standard in high-efficiency solar power generation, the MPPT Plus solar controllers deliver 100% of their rated charging capacity continuously. 30 & 40A available.

- Stackable - connect up to 8 on a single system
- Quick-connect ports for easy installation
- Simultaneous dual bank charging
- PowerTrak™ & RVC Compatible
- UL certified
- 5-year warranty

SMART SINE WAVE INVERTER (SSW)

The SSW Series delivers reliable pure sine wave power in a sleek, low-profile package.

- Pure sine wave inverter
- Available in 1500-3000W sizes, with multiple connection options
- PowerTrak™ and RV-C compatible
- UL certified
- 2-year warranty

POWERTRAK™ REMOTE DISPLAY

Complete control of mobile power systems with a simple touchscreen interface and mobile app support.

PowerTrak™ technology allows products to work together to optimize power flow and efficiency.
