## Key Features & Benefits

### ✓ HexHip™ Harness Chassis

Guardian's unique chassis design improves comfort and mobility around the job site.

### ✓ Accessory Loop

Integrated into shoulder pad for quick connection of common job site accessories.

### ✓ Auto-Resetting Lanyard Keepers

Mitigates nuisance interference caused by dangling connector legs.

### ✓ Dual Rear Lanyard Keepers

Two additional rear auto-resetting lanyard keepers provides connector stowage away from the workspace in front of the worker.

### ✓ Integrated SRL Adapter Slot

Provides a convenient connection point for dual SRLs, keeping them high and tight for improved weight distribution.

### ✓ Wear-Indicating Webbing

Has a red inner core, providing a clear visual cue to simplify harness inspection.

### ✓ Perforated Foam Padding

Premium airflow design keeps you cool and comfortable all-day.

### ✓ Sturdy Fixed Waist Pad (Option)

Provides all-day support that mitigates sag when gear is added via fixed design. The waist pad also includes a Tool Tether Anchor Point on each hip.
