

The easiest just got easier...

ALTA DHW KIT

An INTEGRATED VALUE SOLUTION
for installers and homeowners alike!

INTEGRATED

- Contains pre-formed piping, mixing valve, isolation, relief, and purge/drain valves. Everything you need for DHW temp control in one box
- Standard connection directly to supply/return

VALUE

- Reduced labor, saves time on the job
- Reduced cost over sourcing items separately
- Single SKU – simplifies ordering, no forgotten parts
- Covered by factory warranty

SOLUTION

- Satisfies code requirements while providing peace of mind and a simple way to control DHW temps
- Works in conjunction with Alta FastPipe with no additional measuring, cutting, or fitting required
- Sweat or press connections
- Factory engineered, performance verified prior to shipping

Join the easy team with the new Alta DHW kit!
