INTERNATIONAL ENVIRO GUARD

Heavy-Duty CPE Shoe Covers

Made for the toughest jobs

Heavy-Duty CPE Shoe Covers

CPE shoe covers are designed with coated polyethylene to help protect against non-hazardous particles such as dust and dirt, as well as grime, liquids, and chemicals.

Whether working in mud, dirt, or wet areas, CPE shoe covers withstand harsh environments. Shoe covers can be worn multiple times or until they are damaged or contaminated. A secure elastic top keeps them in place.

Available Garments

#3607
Fits up to a men's size 12.5
300 per case

Blue Heavy-Duty CPE Shoe Cover

#3607B
Fits up to a men's size 12.5
300 per case

More durable than polypropylene

CPE shoe covers are designed with coated polyethylene to protect against non-hazardous particles, liquid splash, & shallow immersion.

Waterproof with textured finish

Shoe covers are waterproof with a textured finish that enhances traction and skid resistance.

Protect shoes and worksites

CPE shoe covers protect shoes from damage & keep worksites clean of debris from shoe soles.

Wide variety of applications

Possible applications include construction, contract work, healthcare, cleanrooms, food processing, real estate, movers, and more.
