Polypropylene Brand Page

Polypropylene

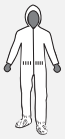

Economical protection against dirt, grime and particulates in non-hazardous environments.

Polypropylene PPE is made of a lightweight and breathable fabric that combines comfort and convenience. Not only does it keep you cool over long hours, but it also protects against dust, dirt, grime, and other particulates. Possible applications include food processing, construction, pharmaceuticals, environmental cleanup, and more.

PARTICULATES

BREATHABLE

Versatile and Lightweight

Whether working in a full-scale lab, a food processing plant, or an environmental cleanup site, polypropylene PPE protects against dust, dirt, grime, and other dry particulates in non-hazardous environments.

Breathable Protection

Polypropylene fabric is lightweight and breathable allowing for body heat to escape. This helps keep workers cool and comfortable over long hours.
